Family Commemorates Deaths Of Kennedy Brothers

WASHINGTON (AP) — The Kennedy family has commemorated the birthday of one slain son, Friday they mourn the murder of another.

The Roman Catholic priest who administered last rites to President John F. Kennedy, assassinated Nov. 22 1963, celebrates a Mass in Dallas Friday. Mass will also be recited in

churches near the Georgetown home used by President Kennedy before moving into the White House and in New York, where his widow, Jacqueline Onassis, lives.

Mrs. Onassis went to St. Thomas More's Church Wednesday for one of two New York masses in memory of Sen. Robert F. Kennedy, who would

have been 43 Wednesday.

The youngest and sole survivor of the four Kennedy sons—Sen. Edward M. Kennedy—visited Arlington National Cemetery Wednesday with some of his and Robert's children.

With the early morning autumn sun spilling over their backs, the seven knelt in prayer at the small white cross

marking Robert's grave and at the eternal flame marking John's.

Later Edward went to a Mass in memory of Robert at St. Luke's Church in McLean, Va.

The service, reminiscent of the New York Requiem Mass sung after the senator was shot last June in Los Angeles, included a Jewish cantor and vocal so-

los with guitar accompaniment. Two of the senator's sons, David, 13, and Michael, 10, served as altar boys.

Their mother, Ethel, remained in the family's nearby Hickory Hill home under doctors' orders. She is awaiting the birth of her 11th child.

Attending the New York Mass at the Church of the Holy Family

were Edward's wife, Joan; Kennedy sisters, Jean Smith and Pat Lawford, and several of the former president's New Frontier advisers.

Archbishop Terence Cooke celebrated the Mass.

Another Kennedy sister, Eunice Shriver, and her husband, Sargent, dedicated the Place du President Kennedy Wednesday

at Angers, France.

The Very Rev. Oscar L. Huber will celebrate the Mass in Dallas Friday, but there will be no special observances at Dealey Plaza, near where Kennedy was shot.

A \$100,000 memorial two blocks from the Plaza won't be completed until sometime after next October.

Apollo 8 Crew Disagrees With Astronomer

CAPE KENNEDY, Fla. (AP) — The Apollo 8 astronauts don't agree with a prominent British astronomer who says their moon orbit flight, from a scientific view, is dangerous, silly and wasteful.

The transatlantic dispute started Wednesday when Sir Bernard Lovell, director of Britain's Jodrell Bank Observatory, said in an interview:

"On a scientific basis this project is wasteful and silly. We've reached the stage with automatic landings when it's not necessary to risk human life to get information about the moon."

Speaking for the three Apollo 8 astronauts, Air Force Maj. William A. Anders told newsmen Wednesday night:

"We obviously don't agree with him. We are flying primarily an operational mission and we strongly feel that a manned platform in lunar orbit with the operational equipment we have can add significant bits and pieces to scientific knowledge."

"The old engineers on the railroads probably said the airplane would never work either."

Anders, Air Force Col. Frank Borman and Navy Capt. James A. Lovell Jr., are scheduled to rocket toward the moon Dec. 21 on a six-day mission in which they are to orbit 60 miles above the lunar surface for 20 hours on Christmas Eve and part of Christmas Day.

The astronaut noted the main goal of the Apollo 8 mission is to test the spaceship and to learn something about flying in the vicinity of the moon, but that many scientific rewards were possible.

Nugent Family Is Reunited

HONOLULU (AP) — Airman 1C Patrick J. Nugent was greeted with a hug and a kiss from his wife and a shy salute from his 17-month-old son Wednesday as they were reunited after nearly eight months.

The salute from son Lynn was President Johnson's idea, said Mrs. Nugent, the President's younger daughter.

And the hug and kiss? Well, said Luci, 21, she had not rehearsed anything to say to her husband, 25, who arrived with about 100 other U.S. servicemen on leave from Vietnam.

Asked about their plans for his week-long stay in the islands, Luci said: "It depends on what my husband wants to do. He's the boss of the family."

She arrived a week ago and said the long wait was "the most glorious waiting period a woman could have." Holding Lynn, she stood in a double line at Ft. Derussy in Waikiki with other servicemen's wives waiting to see their husbands.

Nugent arrived on a gray military bus from Honolulu International Airport and walked down the long line looking for his family.

GOP Caucus

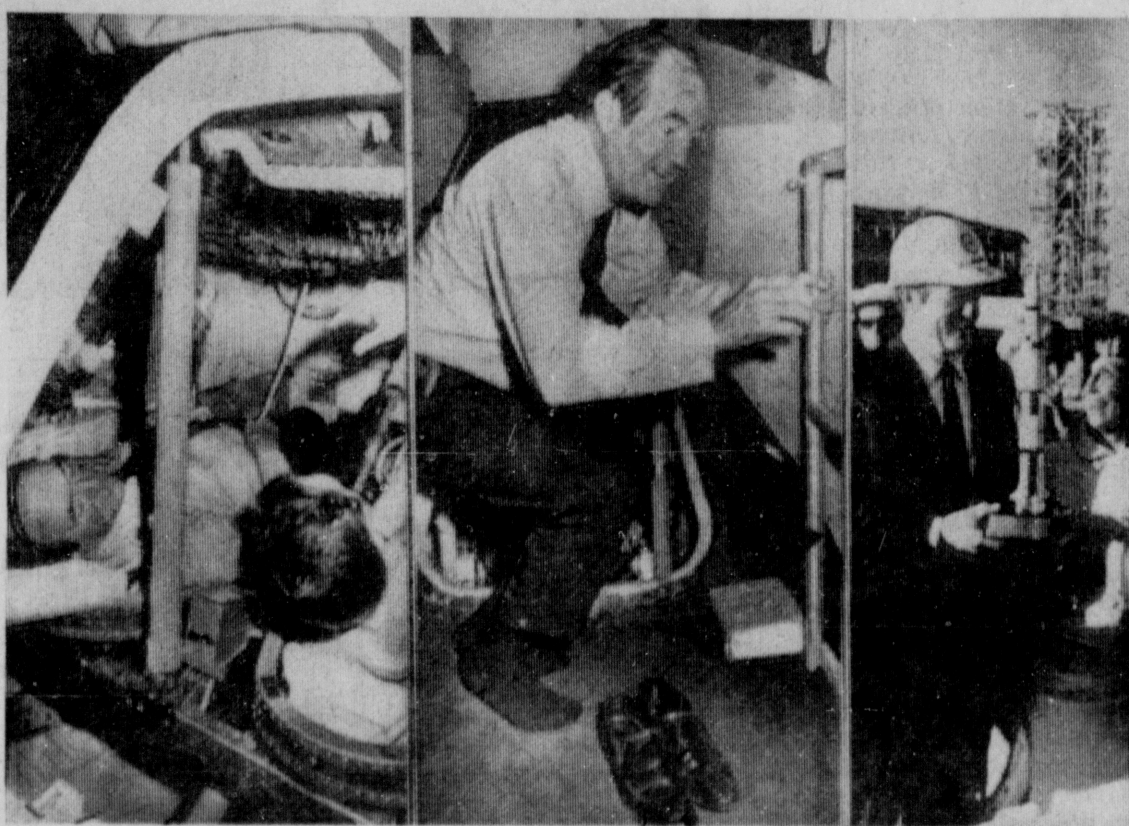

CADILLAC (AP)—The Republican State Senatorial Caucus Monday through Wednesday.

The 20 Republicans who won seats in the Nov. 5 election are expected to discuss taxes, economic conditions and the 1969-70 state budget, among other things.

Weather

ESCANABA AND VICINITY—Partly cloudy and warmer today, high 42. Cloudy with a brief period of snow flurries tonight, low 32. High yesterday, 28 and low overnight, 25. Friday partly cloudy and mild, high 40. Saturday outlook: cloudy with chance of precipitation. Southwest winds (15 to 20 mph) becoming westerly tonight. Precipitation probabilities: today, 30%; tonight, 40%; Friday, 20%.

The sun sets today at 4:12 p.m. and rises Friday at 6:57 a.m.

VICE PRESIDENT Hubert H. Humphrey, Chairman of the National Aeronautics and Space Council, spent five hours at America's Spaceport Tuesday. At left he guides a spacecraft simulator to a mock rendezvous, with expert advice from Astronaut David R. Scott, right. He emerges shoeless from the simulator at center, and with his wife Muriel receives a model of the Saturn 5 moon rocket from Dr. Kurt H. Debus, Director of NASA's Kennedy Space Center, with the gantry of the moon rocket in the background. (AP Wirephoto)

Mafia Figure Faces Trial For Extortion

PONTIAC (AP)—A reputed Detroit-area Mafia kingpin was ordered to trial on an extortion charge Wednesday, as State Police sought to tie the loose ends of a possible underworld net stretching as far as Florida.

Joseph Barbara Jr. was handed over to circuit court, accused of extorting \$4,000 from Delores Lazaros of Troy.

Barbara was released on \$50,000 bond.

Barbara, a 34-year-old garbage incineration company executive, was accused by Mrs. Lazaros of extortion and rape while her husband, Peter, was serving a 4-8 year sentence for fraud in Southern Michigan Prison at Jackson.

Mrs. Lazaros, 34, said she contacted Barbara last spring, seeking a way to get her husband out of prison. She testified she had been told by Barbara he would "take care of it with T. John Lesinski," chief judge of Michigan's Court of Appeals, the state's second highest court.

Rape Charge She testified Barbara had raped her and extorted \$4,000 by threatening the lives of her husband and their son, John, 9, last March.

"Possibly there was rape, possibly there was larceny—but there was no crime of extortion," declared Barbara's attorney, Joseph W. Louisell during the hearing Wednesday.

Lazaros was released last

Muskie Question In Demo Lineup

WASHINGTON (AP) — Top Democratic leaders of the last Congress appear certain to keep their posts in the new one with the only real leadership question centering on what part—if any—will be played by Maine's Edmund Muskie.

Liberal Democrats in the Senate plan to sound out Muskie, the party's unsuccessful vice presidential candidate, on getting into the race for whip or assistant leader.

So far, however, no definite plans have been made to try to unseat Sen. Russell B. Long of Louisiana, the present Democratic whip.

A spokesman for the liberals, unwilling to be quoted, told a reporter they hope to find out shortly whether Muskie is willing to challenge Long.

Long, chairman of the powerful Senate Finance Committee, has sent a letter to all his Democratic colleagues saying he

Oct. 14 when Federal Judge Thaddeus M. Machrowicz ordered a new trial.

Lesinski has denied any improper connection with Barbara. The state attorney general's office, which at first opposed the new trial ruling, has withdrawn a federal court appeal at the request of State Police, Asst. State Atty. Gen. James J. Wood has said.

Lazaros has been a virtual prisoner in his own home in suburban Troy since his release from jail. State Police intelligence personnel have kept a

NATO Air Arm Spies On Soviets

NAPLES, Italy (AP) — A new NATO air arm to keep a better watch on the Soviet Union's growing naval strength in the Mediterranean went into operation today under the command of an admiral from North Carolina.

Rear Adm. Edward Outlaw, a native of Greenville, N.C., was installed as chief of Maritime Air Forces Mediterranean, or MarAirMed, in a ceremony attended by top military commanders of the North Atlantic Treaty Organization and by NATO Secretary-General Manlio Brosio of Italy.

The ceremony included a fly-past by the four types of aircraft used in the surveillance operation that will track the movements of Soviet ships across the 2,000 miles of the Mediterranean basin. They are American P2 Neptunes, British Shackletons, and Italian S2s and SH34 helicopters.

continual watch over the house while interrogating Lazaros inside.

Florida Leads "He's helping us," a source close to the investigation told the Associated Press.

Meanwhile, investigators have fanned into Florida, presumably to check on leads provided by Lazaros.

Oakland County Prosecutor S. Jerome Bronson has complained he was approached by one of Lazaros' attorneys on a beach in North Hollywood, Fla., last March while on a vacation.

"I thought that this was more than a coincidence in a country as big as this," Bronson said.

Bronson added the attorney tried to persuade him to consent to bond for Lazaros. The prosecutor said he refused.

Barbara is the son of Joseph Barbara Sr., who hosted the 1957 meeting of alleged underworld leaders at Apalachin, N.Y.

West Germans Refuse To Reevaluate Mark

BONN, Germany (AP) — Pressure on West Germany to revalue its mark ebbed and there were signs of a breakthrough today in talks by the Western world's top money managers to solve the latest international monetary crisis, German officials reported.

"The outlines for a solution are beginning to emerge," said West German Finance Minister Franz Josef Strauss.

He spoke to reporters during a lunch break in the meeting that began this morning after a nine hour session that started Wednesday broke up in a deadlock early today.

Conrad Ahlers, a West German government spokesman said pressure for the Bonn government to revalue the mark upward had ebbed. But he gave no details.

In the meeting were the economics and finance ministers and national bank governors from the West's 10 chief trading nations. Their aim was to bolster the French franc and stabilize the international monetary system.

In Paris, the Bank of France announced that the nation's official reserves fell another \$178.4 million under the pressure of heavy speculation last week. It was the biggest loss in 18 weeks and it pushed the total of

France's gold and foreign currency reserves below \$4 billion for the first time in years. Money markets in France and West Germany were closed. Markets in London also were shut and most dealers expressed a belief they would be kept closed until Monday.

lize the international monetary system. In Paris, the Bank of France announced that the nation's official reserves fell another \$178.4 million under the pressure of heavy speculation last week. It was the biggest loss in 18 weeks and it pushed the total of

Czech Students Peacefully End Sit-In Strike

PRAGUE (AP) — A four-day student sit-in strike that showed a split between Czechoslovak Communist leaders and a younger generation concerned about freedom ended peacefully today.

Thousands of red-eyed students carrying bedrolls, books and guitars poured wearily but happily out of university buildings throughout Prague at noon, satisfied that they had done something to keep alive the spirit of freedom curtailed since the Soviet-led invasion of Czechoslovakia in August.

"It was more successful than we dreamed," a bearded engineering student said as boys and girls filed out of the electro-technical complex of Greater Czech Technical University.

"It was so successful and we had so much support that the students themselves decided to end the strike before the popular enthusiasm got out of control," he added.

About 100,000 students had occupied college classrooms, corridors and laboratories since Sunday throughout Bohemia and Moravia in support of a 10-point resolution reminding national leaders of the reforms launched last spring and gradually abandoned under Soviet pressure since the invasion.

Hepburn, Ferrer Get Divorce

HOLLYWOOD (AP) — Audrey Hepburn and Mel Ferrer ended their 14-year marriage in divorce Wednesday in Switzerland, a friend says. They separated about a year ago.

Miss Hepburn, 39, one of the top feminine stars of motion pictures, was reported to be in Switzerland with their son, Sean, 8. Ferrer, a veteran leading man who in recent years has been a director and producer as well as performer, was said to be working on a film in London.

The friend said in a statement issued on the couple's behalf that the divorce decree was issued by a civil tribunal in the Swiss district of Morges.

No Hope For 78 Trapped Miners

Doctor Criticizes FDA's Labeling Of Fatty Foods

MIAMI BEACH, Fla. (AP) — help ward off heart attacks, said Dr. Jeremiah Stamler of Chicago.

An FDA ruling forbids manufacturers to give this information on the labels on their products, he said.

The labels should compel manufacturers to list the contents of animal or vegetable fats, or saturated and polyunsaturated fats in their products, Stamler told a news conference at the opening of the American Heart Association's annual meeting.

Behind his charge, supported in a recent official statement from the heart association, is the belief of many heart specialists that a change from the usual American diet can help protect against heart attacks.

One major change recommended is to reduce the intake of saturated fats, coming mostly from animal sources, and to increase consumption of polyunsaturated fats, derived mostly from vegetable oils.

Stamler said the FDA several years ago took the stand that there was no solid evidence of a relationship between fats and cholesterol in food intake and arteriosclerosis, the artery clogging disease that underlies most heart attacks.

Further, it ruled manufacturers could not advertise that any foods could help protect against heart attacks, or list the composition of fats in products.

"But the public is aware of differences in fats, and of the implication that changes in fat intake could be good for them," Stamler said. "The FDA has never dared take the issue into courts."

Another specialist, Dr. Irvine H. Page of Cleveland, said, "There is no reason why the public shouldn't know about the fats in food that they buy."

Ski Park Opens

GRAYLING (AP) — The Bear Mountain ski park near Grayling will be open for skiing Saturday, the Eastern Michigan Tourist Association reported. It will be the first ski resort in the area to begin the winter season.

The park reported a five-inch roll base, with additional snow being made.

Smoke, Flames Are Preventing Rescue Action

MANNINGTON, W.Va. (AP) — Hope of rescuing the 78 miners trapped deep in a burning coal mine dimmed further today with an announcement that the fire in the shafts increased during the night.

"Since last evening, all attempts to reduce the fire have failed," executive vice president William Poundstone of Consolidation Coal Co. told a news conference this morning.

"The fire has definitely spread during the night. That fact is obvious by the smoke which is now coming out of two shafts."

An explosion at daybreak Wednesday started the fire and a chain of explosions later sent flames throughout the deep shafts.

Twenty-one men either made it to the surface safely or were pulled from ventilation shafts by buckets on the end of a crane. But there has been no word from the 78 since the initial blast.

Carbon Monoxide The smoke and intense heat kept rescue teams from entering the shaft in an effort to reach the trapped men.

Also at the news conference were John Cocoran, president of Consolidation; W. A. "Tony" Boyle, president of the United Mine Workers; and James Westfield, consultant for the U.S. Bureau of Mines and an expert on mine fires.

Consolidation is the parent firm of Mountaineer Coal Co., which operates the No. 9 mine where the men are pinned deep below ground.

"Another thing which is discouraging is the amount of carbon monoxide which has increased in the mine," Poundstone said.

Contain Fire Poundstone said hope is not being given up for the men "but we will decide jointly among the U.S. Bureau of Mines, West Virginia state Mine Department officials and UMW officials and our own company safety officials just what steps will be taken today," Poundstone said.

"Our immediate problem is to reduce and contain the fire," Poundstone said. "We cannot endanger the lives of rescue teams until we are certain the fire is contained and there will be no additional explosions."

"As long as we feel there is a chance to reduce and contain the fire, we will not give up hope," Poundstone said. "At this time, we do not intend to seal up the entire mine."

Poundstone said smoke is now pouring from a shaft which had been sealed to control air flow into the mine but a buildup of gas blew the seals open late Wednesday night.

Boyle said he was present to "express the sympathy of the United Mine Workers to the families of the trapped men. I am not here as an expert on rescuing."

"It looks very dark to me but I will be the last person in this room to give up hope," Boyle said.

Looks Very Good Boyle said he considers the mine operators "one of the best companies as far as cooperation and safety are concerned."

"As long as we mine coal, there is always this inherent danger," he said.

Officials said the mine was inspected for safety last August and federal mine inspectors reported they found no dangerous accumulations of gas.

There was no determination on what caused the explosion but company spokesmen said yesterday that it was either accumulations of gas or dust.

Must They Resign?

Vanlerberghe And Nelson Hope To Stay On Council

Escanaba City Councilmen Harold Vanlerberghe and H. George Nelson, who were elected to the Delta County Board of Supervisors on Nov. 5 and will take office on Jan. 1, are hoping they do not have to resign their seats on the Council.

"I'm not planning on resigning right away, and we have at least until Dec. 31 to find out if we must," said Vanlerberghe.

Vanlerberghe was first elected to the Council in 1960 and was mayor in 1962 and 1967; Nelson has been on the Council since 1964 and was reelected this year.

So far as Michigan Attorney General Frank J. Kelley is concerned, they must resign if they are to take seats on the new Delta County Board of Supervisors.

Held Incompatible
Kelley's Opinion No. 4658, issued Oct. 31, 1968, advises:

"Members of the legislative body of a city may not also serve simultaneously as a member of the county board of supervisors elected pursuant to Act 261, Public Acts 1966, because of the incompatibility of those offices. The same is true of a mayor, clerk assessor and city attorney."

Holding of both county board and city and township offices at the same time is incompatible, said Kelley because of "the potential conflict between the functions and duties of the two offices due to authority to contract between a county and either a township or a city."

The question of "conflict" arose earlier this year in Michigan, and Kelley advised James M. Hare, secretary of state, on June 3:

"While a duly elected town-

ship supervisor or city councilman is not prohibited from running for the office of county supervisor, if he were to be elected to and accept that post he would vacate ipso facto his prior office."

Told to 'Stay On'
The second thoughts on the part of Vanlerberghe and Nelson occurred after a meeting of members-elect and members of boards of supervisors from the Upper Peninsula, held at Iron Mountain on Monday, Nov. 11.

At that meeting Garland Mainville, Kingsford city councilman and also a trustee of the Michigan Municipal League, was reported as saying that councilmen shouldn't "resign in haste" but wait to see if they would be required to do so.

D. Hale Brake, former state treasurer and advisor to county supervisors' associations for many years, said that he felt the ruling of the attorney general should be followed.

Vanlerberghe said that after the Iron Mountain meeting he talked with Robert Fryer, Detroit, director of the Michigan Municipal League, and was advised to "stay on and see what the courts say." Fryer was quoted as saying that he believes the attorney general's opinion will be challenged downstate, and that an answer will be forthcoming at that time.

Possible Approaches
The Escanaba Daily Press asked Fryer to comment. "I have no position to say anything one way or the other," Fryer said. "The ruling of the attorney general is not final. It can be contested in court," he added.

Advised of the development in Escanaba and Delta County Fryer said "there are several cities where this has happened."

Basically, Fryer seemed to think there are two possible approaches to the question: 1—Assume the attorney general's opinion is valid and require resignation of officers like Vanlerberghe and Nelson until challenged and upset in the court; or

2—Have the supervisors-elect take the oath of office and allow them to hold two positions until challenged in the court.

Fryer emphasized that he is in no position to make a recommendation to anyone.

Hopes For Answer
Vanlerberghe said that he is recommending to his fellow councilmen that they "should study and decide who they will replace us with, and then at the time if we have to resign we will do so."

The three remaining Escanaba councilmen—Mayor Cecil Chase, Ed Cox and Robert Bink—have given us the privilege of discussing with them who will be considered in making a selection to fill the two possible vacancies, he added.

Vanlerberghe will not be at tonight's council session, he said. He will be in Lansing and "I hope to find out more there" on the question of holding both offices, he added.

Mayor Cecil Chase, commenting on the turn of events, said that he found out about

H. George Nelson

Harold Vanlerberghe

elect take the oath of office and allow them to hold two positions until challenged in the court.

Fryer emphasized that he is in no position to make a recommendation to anyone.

Hopes For Answer
Vanlerberghe said that he is recommending to his fellow councilmen that they "should study and decide who they will replace us with, and then at the time if we have to resign we will do so."

The three remaining Escanaba councilmen—Mayor Cecil Chase, Ed Cox and Robert Bink—have given us the privilege of discussing with them who will be considered in making a selection to fill the two possible vacancies, he added.

Vanlerberghe will not be at tonight's council session, he said. He will be in Lansing and "I hope to find out more there" on the question of holding both offices, he added.

Mayor Cecil Chase, commenting on the turn of events, said that he found out about

the decision of Vanlerberghe and Nelson not to resign only a couple of days ago.

"If they do not have to resign, then you can't put much faith in the whole election for county board of supervisors," said Mayor Chase.

Charter And Politics
"The prosecuting attorney told the Delta County Board of Supervisors in advance of the election that we couldn't be on both the county board and the city council. If I had known I wouldn't have to resign from the Council, I might have been a candidate myself, and so might others in Delta County," he said.

The situation for the Escanaba City Council is one of confusion.

"The remaining members of the City Council can't appoint anyone until they (Vanlerberghe and Nelson) resign," said Mayor Chase.

Mayor Chase and the remaining councilmen had planned for two appointments to fill the Vanlerberghe and Nelson vacancies, with a "get together" meeting with the new appointees on Dec. 19, last meeting of the Council this year.

The situation also raises some questions of conflict with the provisions of the Escanaba City Charter for non-partisan composition of the City Council. Escanaba councilmen are elected on a non-partisan ballot; Vanlerberghe was elected as a Republican and Nelson as a Democrat to the Board of Supervisors.

Prosecutor Chapekis, who had advised candidates that if they were elected to the county board they could not also retain city and township offices, said that he is of that opinion still. Similar statements in advance of the Nov. 5 election were made by prosecuting attorneys in other Michigan counties.

GOP Delegates To Meet Tonight
Delta County Republican delegates to the fall convention will convene at 7:30 tonight at Republican Headquarters, 705 Ludington St., to elect a new executive committee.

Arthur Neiman, county GOP chairman, said the executive committee will elect county officers for the next two years, including a chairman, vice chairman, secretary and treasurer. The meeting is required by law, he said, and chairmen and vice chairmen elected must be of opposite sex.

Current county officers besides Neiman are Nina Johnson, vice chairman; Mary Woodard, secretary; Jack Tackman, treasurer, and Forrest Hensley, finance officer.

Anyone interested in attending the meeting will be welcome, Neiman said.

With The Deer Hunters

While hunting near Woodlawn on Monday, Marvin Nelson of Cornell bagged a 20-point 200-pound buck.

Clifford Guenette, Bark River Rte. 2, hunting in the Schaffer area downed an 8-point, 185-pound buck at 2 p. m. on opening day.

John Anderson, 405 S. 17th St., killed his first deer, an 8-point 170-pound buck about 3:30 Saturday afternoon while hunting in the Danforth area.

Keith Grabowski, a senior at Escanaba Area High School, filled his license with a small doe Sunday while hunting in the Skunk Creek area from the Whiskey Johns camp.

Conservation officers report that Randall J. King, 25, of Gladstone, paid a fine of \$10 and costs of \$7.30 when he appeared before Justice John Barrow at Felch. The arrest was made last weekend on the charge of having a loaded rifle in an automobile.

An eight-point, 150-pound buck with nothing else to do walked up to the deer stand of an Escanaba hunter, who had to be talked into going hunting this year by his friends. Tom Hughson, 1643 16th Ave., S., downed the buck during his first half hour of hunting Saturday morning on the Stonington Peninsula.

Ken Leinberger, 3335 8th Ave., shot an 8-point buck in the Cornell area at about 8 Saturday morning. It was his first deer kill in the U. P., his previous deer hunting was in the Bay County area downstate.

Bear Camp at Watson has three deer on the meat pole. Lucky hunters are John Demeter, Gladstone, who shot a 3-point, 110-pound buck on the first day; Steve Stropich, Escanaba Area High School senior, who downed a 7-point, 175-pound buck on Saturday and John Bruton, Detroit, who connected with a 10-pointer that tipped the scales at 190 pounds. Bruton shot his buck on the morning of opening day.

Raino Maki of Masonville shot a 170-pound, eight-point buck while hunting at his camp near Woodlawn with Bill Holup of Gladstone and Tom Beber of Escanaba. Holup filled his license with a 170-pound doe and Beber got a young buck.

David C. Johnson, 1020 S. 20th St., shot a 135 pound spikehorn buck in the LaBranche area on Saturday. He was hunting out of the McNamee Camp where his spike makes the third deer for this year's crew.

Milwaukee Road Stockholders To Meet On Merger

CHICAGO (AP) — A special meeting of stockholders of the Chicago, Milwaukee, St. Paul and Pacific Railroad will be held Dec. 13.

The purpose, the announcement said, is to act on plans for reorganization and a merger with the Chicago & North Western Railway.

North Western shareholders will meet Dec. 10.

Northwest Industries Inc., a holding company formed by the North Western Railway, announced it is making its exchange offer to the preferred and common shareholders of the Milwaukee Road in a prospectus mailed to them.

The offer is to expire Dec. 9.

THE TOMORROW'S LEADERS Civics Club of St. Anne School received its official charter from the Commission on American Citizenship in Washington, D. C. recently, and was presented by Sister Andrea. The club with 40 8th grade members is one of thousands of Catholic civics clubs designed to develop informed, responsible young citizens. Pictured (from left) are Sister Andrea, Debbie Verhagen, vice president; David Dumais, president; Claire Steede, secretary; Mary Taylor, treasurer; and David Taylor, sergeant at arms. (Daily Press Photo)

Hospital Buddies End Up Senators

WASHINGTON — (AP) — "I

guess it does sound like a war movie," said Sen. Philip A. Hart of Michigan, "but the Percy Jones story is a true one."

He was talking about World War II and Rep. Bob Dole who is going to be sworn in as a fellow senator, and about Sen. Daniel K. Inouye, who wound up in the same hospital with them some 20 years ago.

The scenario opens with Maj. Hart charging up Utah Beach in the D-Day assault on Normandy. A mortar round takes him out of action.

The camera then pans to Italy and shows Inouye, who is so severely wounded he will lose an arm, and Lt. Dole, who is felled while leading a platoon against a German machinegun nest.

Later, the three of them are together in Percy Jones Army Hospital, which operated from 1941-52 at Battle Creek, Mich.

In Same Ward
Now they will serve in the Senate together. Dole, 45 and a Republican, is senator-elect from Kansas. Hart, 54, and Inouye, 44, of Hawaii, are Democrats.

"Bob and I were in the same ward—a small ward," said Hart. "I remember thinking how unfortunate it was that a fine and decent young man like him had to be clobbered that way."

Dole recalls those days with nostalgia. "Hart was walking around and I was not ambulatory," he said. "So he used to bring me things."

"I would bring him magazines and soft drinks and we would talk," said Hart. "Political aspirations were the farthest things from either of our minds."

"Dan Inouye was in another nearby ward," said Dole. "Now the three of us will be together again in the Senate."

Gave Up Hope
Many of the veterans in the ward came to admire a pretty young brunette named Phyllis Holden, an occupational therapist.

The climate of the French Riviera did not gain international fame until the 19th century.

Gem Club Will Meet Tonight

The monthly meeting of the Bay de Noc Gem and Mineral Club will be held one week early, tonight at 7:30 at the Escanaba Area Public High School in Room C-214. The northeast entrance should be used.

The members of the Club have decided to change the schedule of the meetings. There will no longer be any business meetings; instead, it will start out with a program or presentation on rocks followed by a social hour with a luncheon.

The program for this month's meeting will be a slide presentation called "Arizona Gem Trails." There will also be door prizes, rock-swapping, and an exchange of rock hobby information. Guests are welcomed.

When the pretty therapist, Miss Holden, asked doctors about Dole's chances in 1947, they told her he could not possibly live.

Paralyzed
He had wasted from 194 pounds to 122 pounds, was paralyzed in all limbs, and had developed severe blood clotting in the lungs.

Then doctors decided to use an experimental drug, streptomycin. It was being used then on just three other persons in the nation.

It worked, and doctors began the long task of trying to build up Dole's atrophied right arm.

At one time they decided to amputate, but Dole asked them to try to save it.

It was saved, although Dole still has only partial use of the arm. That's why, when he is sworn in, he will take the oath of office with his left hand.

The climate of the French Riviera did not gain international fame until the 19th century.

Bay College Getting Federal Aid Study

By JEAN WORTH
The Upper Great Lakes Regional Commission will receive \$2,770,000 in supplemental funds for this fiscal year ending July 1 and five Upper Peninsula projects are under consideration for aid.

While the commission staff is working on distribution of this aid, it is developing an early program of priorities in a request for \$159,530,000 which it will present to Congress in January.

The money will be sought for economic development in the three states that compose the region, Northern Michigan, Wisconsin and Minnesota.

Supplemental Aid
The Regional Commission has already given financial aid to development projects in the Upper Peninsula with grant of funds to supplement federal aid. Beneficiaries have included the Escanaba Area Airport, The Copper Peak Ski Hill at Bessemer, and the Sault Ste. Marie

city bridge repair project.

The new project being considered for supplemental funds this year in the U. P. include:

1. Iron Mountain Airport.
2. Bay de Noc Community College of Delta County in Escanaba.
3. Sault Ste. Marie Area Vocational School.
4. Ontonagon small boat marina.
5. Nahma water supply project.

12 State Projects
These are part of a 12-project state program. The Lower Peninsula projects include the Emmet County Airport, West Branch City-County Airport, Manistee Airport, Kirtland Community College in Oscoda County, Alpena Industrial Park, Manistee marina, Frankfort marina.

Projects which have regional significance will get top priority for the funds, with each of the three states guaranteed one-quarter of the total for projects

of economic significance. The other quarter will be reserved for projects that affect the whole three-state region.

The Michigan State Department of Commerce is making the study of the projects in preparing the state's recommendations to the Regional Commission, which is composed of Harold C. Jordahl, Jr., acting

Park

The Upper Great Lakes Regional Commission has approved a \$15,000 grant to the Michigan Department of Commerce Community Planning Division to pay 75 per cent of the first year's cost of a three year planning program for Alger County.

The grant was offered to assure orderly development of Alger County lands and especially those surrounding the Pictured Rocks National Lakeshore. The Department of Housing and Urban Development is expected to continue the comprehensive planning program. Alger County will provide 25 per cent of the estimated total need for \$60,000 for the program.

Eastern Time Petition Filed

MARQUETTE — The Marquette County Board of Supervisors Wednesday adopted a resolution petitioning the U.S. Dept. of Transportation to place Marquette County in the Eastern Time Zone.

Members of the board expressed hope that the department would hold hearings on the time question in the Upper Peninsula to determine the sentiment of a majority of residents.

Congressman Philip Ruppe's office notified the board that all county board chairmen in the Upper Peninsula would be asked to determine the "pulse" of the people in their areas regarding the time issue.

The Upper Peninsula voted against the Daylight Savings Time question in the recent general election, apparently in hope that a "No" vote would establish standard time year around in Michigan and place the entire state in the Eastern Time zone.

Urged 'No' Vote
Delta County's Board of Supervisors urged a "No" vote on the time referendum for this reason and Prosecuting Attorney Nicholas Chapekis has communicated the sentiment of the Board of Supervisors to James Minor of the U. S. Dept. of Transportation, Washington, D. C.

Chapekis had conferred with Minor in regard to the time question in advance of the election.

In his letter, Chapekis wrote: "In our conversation, you indicated that perhaps hearings could be held in this area to determine the will of the people. From the vote in the Up-

per Peninsula, it is apparent that the people in this area would desire to remain on Eastern Standard Time. This is certainly true with the Eastern half of the Upper Peninsula.

"If I might venture a guess," Chapekis continued, "I believe that the people would overwhelmingly favor a line drawn on the west boundary of Delta, Alger and Marquette counties, placing the severe easterly counties on Eastern Standard Time."

If a change in time zone were approved on this basis, Delta, Marquette, Alger, Schoolcraft, Mackinac, Luce and Chippewa counties would be in the Eastern Time Zone and Menominee, Dickinson, Iron, Houghton, Baraga, Ontonagon, Keweenaw and Gogebic counties would remain in the Central Time zone.

Historically, Menominee, Dickinson and Gogebic counties have preferred Central Standard Time because of ties with Wisconsin.

Back Eastern Time
The Copper Country counties of Houghton and Keweenaw, however, are vocal in backing Eastern Time.

The apparent preference of Delta County residents is Eastern Standard Time year around. If the county were placed in the Eastern Time Zone, then required to observe Eastern Daylight Savings Time during summer months, the preference might not be so clearly defined.

Central Standard Time is now the legal time for the U. P.

federal co-chairman, and the governors of Michigan, Wisconsin and Minnesota.

College Projects
Bay de Noc Community College is seeking supplemental funds to the federal and state aid it will receive for construction of the vocational technical laboratory building on its new campus in Escanaba. The building — the first on the new campus — will cost an estimated \$460,000 and construction contracts are now being advertised for bidding.

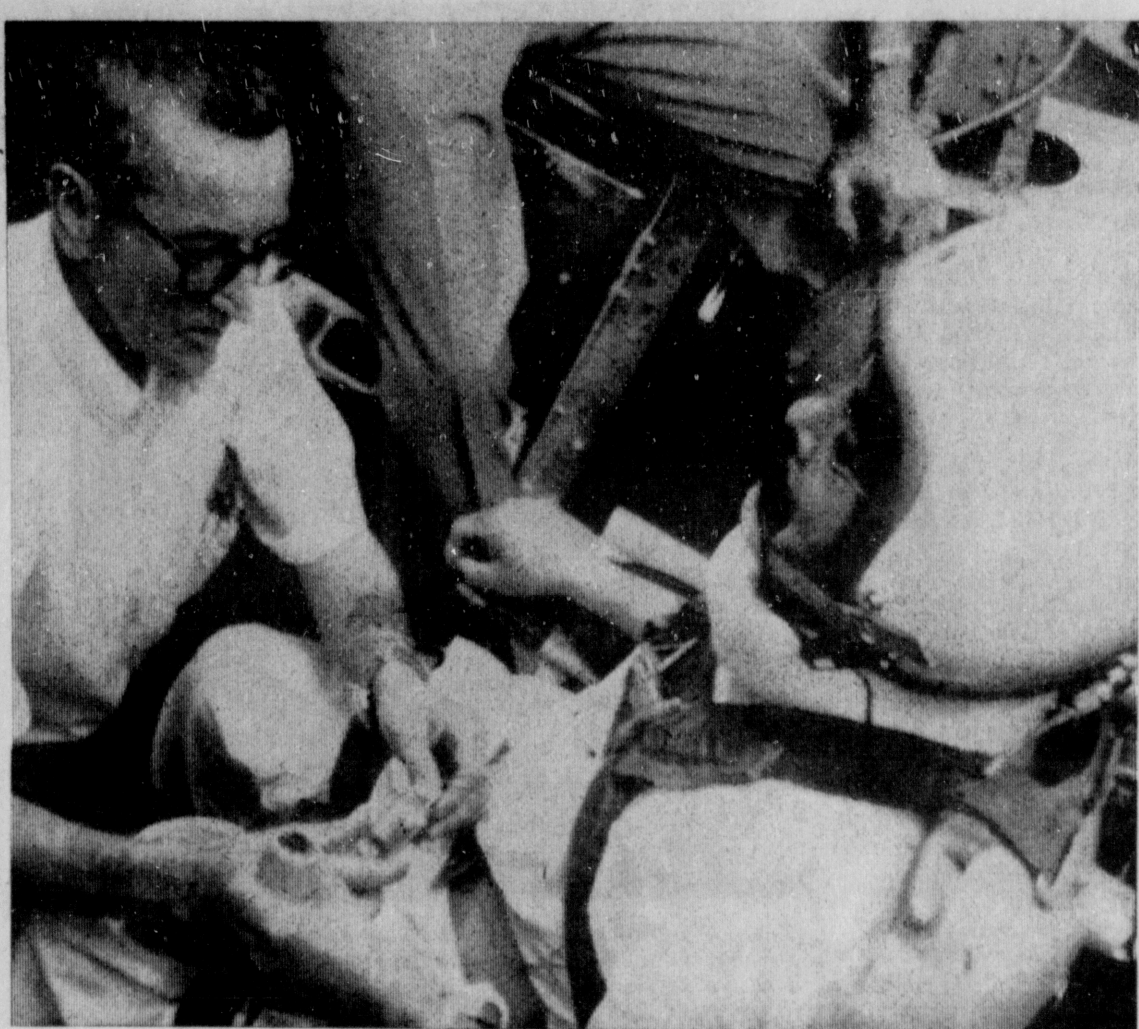

The Nahma water works project would cost \$202,000 and the Farmers Home Administration has approved a \$90,000 loan and the Economic Development Administration a \$112,000 grant for the project, which would be sponsored by Nahma Township. It would provide for Nahma a modern water supply system and fire protection as the community organizes for growth with location there of enlarged operations of American playground Device Co.

Better Grade Of Prisoners Needed

ATLANTA, Ga. (AP) — Gov. Lester Maddox was asked at a news conference Wednesday about rehabilitation of inmates in Georgia's prison system.

Maddox replied: "We're doing the best we can. And before we can do much more, we're going to have to get a better grade of prisoners."

Florence Nightingale is known as the "Lady With the Lamp."

JOSEPH BARRIOS, 63, of Morgan Hill, Calif., is fitted with biosensors by Ames Research Center technician Kermit Skrettingland in an attempt to reposition a bullet lodged in his brain. Barrios, a cook, was shot last Oct. 7 at his Morgan Hill restaurant. (AP Wirephoto)

'Spun' To Move Bullet In Brain

SUNNYVALE, Calif. (AP) — A bullet inside the brain of a hold-up victim was re-positioned Tuesday by whirling him in a centrifuge normally used in space research by the National Aeronautics and Space Administration.

Joseph Barrios, 63, a cook, was wounded during a restaurant robbery last Oct. 7. He was strapped into the scientific whirling at the NASA's Ames Research Laboratory and spun at speeds subjecting him to as much as six times the force of gravity.

He emerged smiling and talking after one test of 30 seconds at four GS and a second which whirled him at 5 GS for 20 seconds and at 6 GS for five more seconds.

Doctors at O'Connor Hospital at San Jose had removed bone and bullet fragments from Barrios' head, but the main part of a .22 bullet remained. Then it shifted into a more critical area of the brain, the third ventricle.

As he took the spin in the big centrifuge, which has the names of many astronauts on its log, sensors recorded his heartbeat and respiration. He was under constant observation by closed-circuit television.

The motion moved the bullet out of the third ventricle into a safer area—a lateral ventricle where it cannot return to the dangerous third ventricle area, the doctors said.

Hunt Conditions Reported Good

Hunting conditions were reported good throughout most of the Upper Peninsula today, but many hunters weren't in the field to take advantage of the situation.

Dept. of Natural Resources officers reported hunting pressure as light Wednesday, despite the best conditions of the 1968 firearm deer season which opened last Friday.

Greater numbers of hunters are expected for the second weekend of hunting. Heavier hunting pressure also is anticipated for the final three days of the season beginning Thanksgiving Day.

No new heart attack victims or gunfire accidents were reported Wednesday and all hunters who have been lost in Upper Peninsula woods this season have been located.

Figures at 7 a. m. today from the Mackinac Bridge confirmed the judgement that fewer hunters are in the field.

A total of 14,882 hunter vehicles have returned to Lower Michigan, about 60 per cent of the 26,730 northbound vehicles reported. So far this season, 3,675 deer and 31 bear have been taken across the bridge from the Upper Peninsula.

Last year, 4,084 deer and 61 bear were transported out of the Upper Peninsula across the bridge for a comparable period.

Comic Dies

GRAND RAPIDS (AP) — Funeral services will be held at Midland Saturday for Charles O. Clark, 67, of Flint, a black-face comic with the Conger and Santo vaudeville troupe in the 1920s and '30s. He died Tuesday at Blodgett Hospital.

Bottles Hazard

WYOMING (AP) — Mayor Edward Wiest has asked the Wyoming City Commission to outlaw throwaway bottles. Wiest contended the bottles eventually become hazards on highways and waterways.

Ruppe And Wife To Tour Europe

Congressman Philip E. Ruppe and his wife have left for a "working vacation" in Europe.

A Ruppe aide, Ray Chambers, said the trip will include a study of NATO in Brussels and of the Paris Peace talks. Chambers said the trip is a combination vacation and personal fact-finding tour, and is being made at the congressman's own expense.

"Congressman Ruppe," Chambers said, "feels the Paris peace talks are critical to the establishment of lasting peace in Southeast Asia. Mr. and Mrs. Ruppe will spend five days in Paris. Briefings and meetings have been arranged by the State Department, and Mr. Ruppe hopes to familiarize himself with the personalities, mechanics and issues involved in the talks. Mr. Ruppe has been to Vietnam, and he found that trip of immeasurable help in evaluating that war as a member of Congress. He is hopeful of rounding out his knowledge of the entire conflict through meetings and contacts in Paris."

Chambers said that Ruppe has also been concerned over the disintegration of NATO in the last two years. "With the Russian invasion of Czechoslovakia," Chambers said, "he feels there is even a more pressing need to shore up the NATO alliance and to seek new ways of cooperation with the free nations of Europe." During a stop-over in Brussels, from Nov. 27 to the 29th, the congressman will attend conferences, briefings and meetings on the alliance.

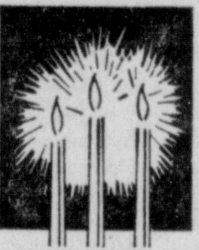

This is the congressman's first trip to Europe. The couple plan stops in Rome and London and will return to the United States on Dec. 5.

The Ruppes plan to spend Christmas in Houghton, and will move their family back to Washington shortly after New Year's.

The first European explorer to enter Delaware Bay is believed to have been Henry Hudson.

Too Many Changes

At its monthly meeting in Lansing last week, the Michigan Conservation Commission approved submitting 43 conservation proposals to the Legislature next year. The proposals ranged from opening the squirrel season on Sept. 15 to giving the commission authority to set all hunting and trapping regulations and seasons.

It was, in short, a shotgun approach, requesting all sorts of changes in conservation laws. This suggests the same approach used by the Northern Michigan Sportsmen's Assn., and the Michigan United Conservation Clubs at their annual conventions when they pass dozens of resolutions urging the Legislature to do all manner of things.

It seems to us that both the commission and the sportsmen's groups could present better cases for themselves if they selected a few proposals covering more pressing matters and concentrated on achieving legislative action on these.

Several of the changes requested by the commission are long overdue and should receive prompt approval by the Legislature.

One of these is the request for blanket authority to set all hunting and trapping regulations and seasons. The commission already has this authority in regard to certain species. For years it has held discretionary authority over beaver and other trapping seasons, and the Department of Natural Resources has been able to manage these species with maximum efficiency.

It could not have done this if legislative approval for the regulations and seasons were required from year to year. Approval of the requested authority to manage all hunting and trapping would eliminate the necessity for the commission to ask the Legislature, as it is doing this year, to advance the opening of the squirrel season to Sept. 15 from Oct. 1 in Northern Michigan and Oct. 21 in the southern third of the state.

The commission also is requesting that non-resident admission fees to state parks be the same as the fees for residents. Michigan's image as the finest state in the Midwest for tourists has suffered because non-residents are discriminated against in park admission charges. The daily fee for residents now is \$1. For non-residents it is \$2. The commission asks that the non-resident fee be reduced to \$1, and it should be.

Another star asks that the coyote bounty be eliminated. The state several years ago eliminated bounties on timber wolves, bobcats and foxes in separate actions. The coyote bounty is the only one remaining. It costs between \$60,000 and \$70,000 a year, and this is considered wasted money. There is no scientific evidence that game numbers have been reduced in Michigan by abolition of the bounties on wolves, bobcats and foxes, nor is there any reason to suspect that elimination of coyote bounties would bring depletion of the game supply.

The commission also favors a proposal for an "omnibus sportsmen's license," a single license that would allow the holder to hunt and fish in all of Michigan's seasons. It would include small game, deer, archery and fishing licenses and trout and bear stamps that now cost a total of \$26. The Legislature should determine the cost of the all-purpose license. The single license would simplify the procedure for sportsmen and license dealers, avoiding a great deal of duplication.

Most of the proposals supported by the commission would bring changes for the better. The trouble is, there are so many of them that the Legislature certainly will not enact all of them.

Schools To Slip

Elementary and secondary school enrollments will drop 25 per cent in the next 15 years, population experts forecast.

This ought to be good news. But in a reverse twist of the warnings that were heard in the early years of the baby boom, one educator claims the nation has been caught flat-footed by the decline in the birth rate and has no plans to cope with it.

"Any industry faced with the loss of 10 million clients needs to do some planning," says Dean H. Thomas James of the Stanford School of Education.

The declining enrollment in lower schools will be helpful to colleges and universities, he says, by permitting the shift of some resources to the support of higher education. Undoubtedly, many thousands of teachers who will not be needed will qualify themselves for positions in higher education, and some elementary and secondary schools will be able to reduce class loads, remedy overcrowded conditions and improve the quality of their programs.

What we need to know right now, says James, is where we must go on building schools, where schools will be only partially filled, where we will continue to have shortages in school personnel and where there will be surpluses.

The 1970 census, he predicts, "will reveal the shocking misdirection of the estimates now in use."

Refuse Fill

Under Engineer Donald Kerr's plans, scheduled to go into operation early next year, shredded and compressed trash from Philadelphia will be hauled about 100 miles by the Reading Railroad to coal areas in Pennsylvania to be used as fill for abandoned strip mines.

The city figures to save more than \$1 million a year by disposing of its rubbish this way rather than incinerating it (last year Philadelphia burned more than 800,000 tons of the stuff), while also benefiting from a reduction of pollutants from its incinerators. The mine pits involved are said to be big enough to take 40 years to fill up.

Kerr, who has formed the Eastern Land Reclamation Co., hopes to get other cities to adopt the idea and is negotiating with six major railroads and owners of landfill sites in six different states. Coal townships joining the plan would receive a small fee for easy ton of trash dumped within their limits, and at the same time would be recovering valuable real estate.

People, Events Of Yesteryears

From the Files of the Escanaba Daily Press

25 Years Ago

Escanaba Camp Fire Girls are sponsoring a campaign to collect fat for use in the war. Fat is used to make glycerine. Barbara Duchaine, Catherine Perrin and Lois Sawyer are on the publicity committee.

T. M. Judson, who has worked diligently on the War Relief activities in Delta County since the beginning of the war was re-elected chairman of the Delta County Chapter of the American Red Cross.

CLASSIFIED ADS COST LITTLE BUT DO A BIG JOB

JULIET (Olivia Hussey) follows her lover and husband, Romeo (Leonard Whiting), in death in a scene from Paramount's version of the Shakespearean tragedy.

Romeo And Juliet Art Verily Hip

By DICK KLEINER

HOLLYWOOD (NEA) — Romeo and Juliet came to town. She bought a copy of Hunter Davies' biography of The Beatles and he was having stomach problems and bought a bottle of Kaopectate. It's not quite the same as the balcony scene, but facts are facts.

These are the two very young English actors who star in Franco Zeffirelli's much-acclaimed version of "Romeo and Juliet." Romeo is Leonard Whiting and Juliet is Olivia Hussey.

Whiting took a swig of medicine and groaned a few pear-shaped groans. Miss Hussey leaped through the book and stopped at a picture of Paul McCartney.

"I had a crush on Paul when I was 14," she said. "That was the only time I ever cut anybody's picture out. But I don't think he looks so nice these days."

These are two talented and attractive youngsters—he was 17 and she was 15 when the film was made—with glittering careers ahead.

Whiting has done one film

since what he calls "R & J" — "The Royal Hunt of the Sun." Olivia hasn't done anything.

"I've had many offers," she says, "but so far nothing has come along that I've wanted to do. One has to be careful after playing Juliet. One can't do a cowboy-and-western, although that's what they seem to want me to do."

They find it hard trying to live up to Romeo and Juliet. In that way, their lives have been unalterably changed. In other ways, however, they remain the same.

"There was certainly not enough money in it," Whiting says, "to change much of anything. We only got 1,500 pounds (about \$4,000) to do the picture."

"It was actually less than that for me," Olivia said. "My money was supposed to go into a trust fund. Mother would call up and say 'How is Olivia's trust fund?' and they'd say it was fine. But now nobody seems to know what became of it. So I have nothing. I got a few pounds a week allowance, that's all."

Neither of them seem particularly troubled about financial matters. They realize that better—and richer—days lie ahead.

"It was a springboard," Whiting says. "A springboard to big things."

He'd like to play all kinds of parts, and probably will. She, on the other hand, wants desperately to play "a murderer."

They are both spirited and modern people, interested in the world that lies outside acting. Whiting is a sports enthusiast.

"I love football," he says, "and I used to play a lot and I also did a great deal of amateur boxing. My father was a boxer in the Marines and my mother's family—the O'Sullivan—were all fighters. My uncle, Danny O'Sullivan, was a pro and pretty good."

"I was a tomboy when I was a girl," Olivia said. "In school, I was a champion breast-stroker and a champion runner, and I loved fighting, too. When I was eight and nine, I was in a gang, and I was the best fighter. But I changed. Now I hate sports."

Olivia always wanted to act, but Leonard just sort of drifted into it. He's happy about it now.

"I can't remember not wanting to act," Olivia says. "I remember seeing 'Black Orpheus' as a little girl, and that scene where they were electrocuted and fell off the bridge or whatever it was still haunts me I'll never forget it."

Thus spake Romeo and Juliet.

Letters To The Press

GUNS

Dear Hearts and Gentle People:

Now is the time when adults' thoughts turn to the selection of toys for Christmas giving. Let's take the guns out of the hands of our children and violence off of our TV! What better gift to the Christ Child! What better gift to our children!

With the wide variety of well-constructed and intelligently designed children's toys to choose from today, why a gun? A gun is designed to be a lethal instrument. When you give your child a gun, be it real or toy, what do you tell him in the giving — that it's fun to kill! When your child asks for a gun, tell him firmly "No," and tell him why. Children are very perceptive. Your rating with him will probably go up several notches. You just told him that you love him very much, and that you care about other people!

A well-selected book can open up a whole new world for your child. A year's subscription to a good children's magazine is a gift that will come to him 12 times. If he is not reading minded, there are hundreds of toys designed by experts, child-tested for enjoyment that develop skills as well as provide entertainment, from which to choose.

A small catalog of children's toys, called "Creative Playthings," offers excellent toys for all ages, from infants to adults. It designates the age groups to which they appeal, as well as listing the skills they develop. It can be used as a partial guide in selecting toys. It is yours for a six-cent stamp—write Creative Playthings, Inc., Princeton, N. J., 08540. Many toys in it can be found in local stores.

Psychologists do not all agree on how much harm you do your child, when you provide him with a gun as a toy. But they all agree there are better and more constructive ways to provide him with an outlet for his frustrations. Good toys are not cheap; but better one, good, well-designed toy than several pieces of "junk."

Too many of our TV pro-

grams still display too much violence. Only you can change that. Write a letter to the networks sponsoring such programs and voice your objection. Networks do not continue to sponsor programs to which large numbers of viewers object. Who needs violence in entertainment! A recent issue of McCall's Magazine published an editorial on violence... Six dozen red roses to McCall's for that editorial!

Mrs. Lawrence Barber
1610 8th Ave. So

McCall's said in brief: "The present day gun-control legislation, existing or proposed, must be drastically strengthened... Women can stop the outpouring of violence and sordidness on our television screens and in the motion picture theaters. Supposedly TV and movies give the public what it wants; sexual brutality, depravity, sadism, etc... If this is the case, American women should be loud and clear in letting TV and movie executives know that such bilge is most certainly not what they want..."

Opening lead—♠ K			

We wonder just how many readers can make three no-trump with today's hand. South's three-heart bid shows both a sound no-trump and four hearts. It suggests that hearts might be a better spot to play the hand but, needless to say, North prefers no-trump.

West opens the king of spades and will continue the suits until the ace is played by North.

A careless South will count nine top tricks and take the first or second spade. Then he will go after clubs. Because East holds the jack, 10 and seven, South will find that his fourth club will block the last two clubs in the North hand and his nine tricks will suddenly become eight.

The hand is entitled "J for Jettison" in Coffin's ABC of bridge. South should guard against this club block by getting rid of one of his four clubs and he does so by ducking spades twice. Then he can throw a club on the third spade and the suit won't block.

If West tries to spoil the jettison by discontinuing spades after the first one holds, it will do him no good. A diamond shift will set up an extra diamond trick for South, while a heart shift will give him time to prepare the jettison by leading a second spade and ducking that one.

Later, when dummy holds the third club, South will be able to discard his blocker on that ace of spades.

♥♦CARD Sense♦♠

Q—The bidding has been:

West	North	East	South
1♠	1♠		
Pass	3♥	Pass	1♠

You, South, hold:

♠ Q10854 ♥ A10 ♦ 53 ♣ 7654

What do you do now?

A—Bid three hearts. This is an all-purpose bid. It keeps you below three no-trump if your partner is heading in that direction and your partner can't hold hearts on this bidding sequence.

TODAY'S QUESTION

Your partner continues to three spades. What do you do now?

Answer Tomorrow

FINALLY CONTROLLED

Australia set up a Prickly Pear Board in 1920. Pests were destroying this form of cactus, an important source of food for cattle. It took 13 years of study and investigation to discover an imported insect which would not attack it.

Ann Landers

Dreams Upset This Respectable Woman

Dear Ann Landers: Is it true that if an officer in the United States Marines gets a divorce, it goes on his service record and his chances for a promotion drop to zero? This seems unjust, yet I am told it is the unwritten law of the Marines.

When there is no love or respect and the wife is a sloppy, dull bore and the husband is staying with her only for the sake of the children, wouldn't it be better for everyone if they parted? Isn't a divorce more honorable (Marine or not) than living a lie?

Why would a branch of the service have such an unfair hold on its men? What do you make of it? — CAN'T FIGURE IT

Dear Can't: I make of it you have been going with a married Marine who has no intention of divorcing his wife to marry you. That unwritten law is a lulu. He dreamed it up just for you, Doll.

Dear Ann Landers: Thank you for the column in which you said — "People go to the hospital because they are sick, not because they are lonesome. Do your hospitalized friends and relatives a favor. Leave them alone."

I've made up my mind that if I land in the hospital again I will post a big sign on my door — NO VISITORS. And there will be no phone in my room.

The day I was operated on, friends and family phoned me an hour after I had been wheeled up from the recovery room. My cousin was the first to call. The nurse said, "Mrs. X can't talk to you. She is just coming out of the anesthetic." My cousin replied, "She doesn't have to talk — all she has to do is listen. I want to tell her something." Then she rambled on and on about some crazy thing her little nephew said.

The day after surgery three visitors came and talked their fool heads off. It took me twice as long to recover because I had to use energy being pleasant when I should have been resting and getting my strength back.

You ought to rerun that column every year, Ann. It would be a national service. — ARABELLA

Dear A: I'm glad you liked it. So did hundreds of nurses and

physicians. Thanks to all of you who said so.

★ ★ ★

Dear Ann: I have had some very disturbing dreams lately. I dream of being intimate with the butcher, the garage mechanic, the TV repairman and even the paperboy. I am a respectable married woman, mid-30's, with a fine family. I have no interest in anyone other than my husband. My dreams have made me feel unworthy and I am filled with guilt. Can you explain this? — ASHAMED TO SLEEP

Dear Ashamed: Dreams are uncensored thoughts and desires that get lost in the unconscious. Freud said they are the disguised fulfillment of repressed wishes.

Robert Lewis Stevenson once wrote, "We all have feelings that would shame hell." Some of those feelings come out in our dreams. But it's how we conduct ourselves, not what we dream, that counts. The fact that you are ashamed of your dreams indicates that you would probably never do, in your waking hours, the things you dream about.

Attack Missiles

HOLLOMAN AIR FORCE BASE, N.M. (AP) — The guidance and computer systems of the Air Force's new air-to-ground short range attack missile (SRAM) are to be tested Friday over White Sands Missile Range.

The Air Force is saying very little about the missile except that it has a range of more than 100 miles and can be launched by aircraft well out of range of enemy defenses.

AT TOP IS SCENE at Betio Island in the Tarawa Atoll a few hours after men of the U. S. Second Marine Division had forced back the Japanese. Bodies and wrecked amphibious tractors litter the battlefield. At bottom is a coconut grove which was once Betio's airfield, main objective of the American attack. The 25th anniversary of the battle will be commemorated on the island this Saturday. (AP Wirephoto)

U.S. Left With Wheat Surplus

WASHINGTON (AP) With more of the world's developing nations learning how to feed their hungry millions, the United States faces the problem of what to do with food surpluses.

This crunch in world supply and demand for farm products was underscored today in separate reports from the Agriculture Department and the Agency for International Development—AID.

In a summary of the quarterly wheat report, the Agriculture Department says indications carryover stocks next July 1 will be 600 million to 650 million bushels, compared with 537 million this year.

The preliminary report also said the department's 1968-69 export target of 750 million bushels "looks increasingly difficult to attain" and that exports definitely are not expected to match the 761 million shipped abroad last year.

The situation today first includes a problem of world plenty, the department said.

The report stated there has been a slackening of imports by big customers in the world market, notably the Soviet Union and Red China. Food aid recipients, including India and Pakistan, also have reduced their requirements from previous levels.

"Thus, at least for the current year, the world not only has more than enough wheat for its needs, but the grain is so adequately distributed that trade expansion is not expected," the report said.

The International Bridge, Tunnel and Turnpike Assn. Inc. says the increase of traffic on the Benicia-Martinez Bridge in California is the highest of any toll facility in the world. The second quarter of 1968 shows 1,880,727 crossings compared with 1,303,272 for the same period of 1967, a 44.3 per cent increase in use.

Second highest traffic growth rate was on the San Mateo-Hayward Bridge in California with 25.9 per cent, just ahead of Portugal's Salazar Bridge with 25.3 per cent.

Medal Of Honor New Experiences With Children Are Rewarding Winner Seeks Reunion Of Family Student Teacher Stimulated Daily

DETROIT (AP)—Officials are looking into possible ways of satisfying the No. 1 wish of Michigan's first Medal of Honor winner, former Army tank driver Dwight H. Johnson of Detroit.

Johnson, 20, wants to have his mother and exiled stepfather reunited after a 12-year enforced separation.

Sen. Robert P. Griffin, R-Mich., has begun looking into the prospects of allowing Johnson's stepfather, Brenton Alves, a native of Jamaica, to return to the United States from London, England, where he currently is living.

John Bonds, deputy director of the U.S. Immigration and Naturalization Service in Detroit, said he was sending for the Alves file to have it available "in case Johnson and his mother request immediate action in this case."

At Johnson's side Tuesday as he received the hero's medal was his mother, Joyce.

President Johnson presented the Detroiters with the nation's highest award for valor in a ceremony at the White House.

Johnson's stepfather was reported to have been deported for illegally entering the United States.

Bonds said, "He can apply for readmission even if he was deported" and that the law permits the attorney general to allow a readmission if it "would not be contrary to the national welfare, safety or security."

More people get more news from newspapers than all other sources combined.

BY JANET MARTIN

A total of 347 Northern Michigan University students are completing their practice teaching requirements in 38 school systems throughout Michigan and northern Wisconsin during the current semester as part of NMU's teacher education program.

Last week brought six student teachers from Northern to the Escanaba Area Public Schools and they will remain in Escanaba for the next eight weeks. They replace eight teachers who were in the schools during the first part of the current semester.

One of these student teachers is Rhonda Laurin of Nadeau, Mich., who is student teaching in Mrs. Marlene McGovern's fifth grade classroom at the John A. Lemmer School.

Miss Laurin is the daughter of Mr. and Mrs. Joseph Laurin and is a senior at Northern Michigan University, majoring in elementary education. She plans to teach the higher elementary grades upon graduation in June of 1969.

Enjoys Children

Miss Laurin stated, "I guess I was about a junior in high school when I decided to become a teacher. I feel it is a worthwhile occupation and something I will enjoy doing and can do well. I have always enjoyed working with children."

Miss Laurin will have a major in mathematics upon graduation from college and although she just came to Escanaba last week, she has already

SIX NORTHERN MICHIGAN University students began practice teaching in the Escanaba Public Schools last week, and they will remain in Escanaba for eight weeks. Rhonda Laurin of Nadeau is practice teaching in Mrs. Marlene McGovern's fifth grade classroom at the John A. Lemmer School and is pictured with students, Therese Schwalbach and Chris Grabau, front and Connie McGraw, back. Miss Laurin will graduate in June of 1969 and she plans to teach higher elementary grades. (Daily Press Photo)

During the past several weeks, 10 additional teachers of the Escanaba Public Schools have taken a course offered locally by NMU to qualify them as supervisors for student teachers. This makes a total of 35 teachers so qualified.

The student teacher program is under the direction of Dr. Edward Ruman, chairman of

NMU's professional laboratory experiences program.

Michigan school districts taking part in the student teacher program include Alpena, Calumet, Hancock, Iron Mountain, Ishpeming, Escanaba, Kingsford, Marquette, Ontonagon, Sault Ste. Marie and Norway.

Births

MARTINSON — Mr. and Mrs. George H. Martinson of 1810 3rd Ave. S., welcomed their first child, a son, Gregory Alan, at 3:18 p. m. on Nov. 19. The infant weighed 8 pounds and 3 ounces at birth. The mother is the former Linda Ericksen.

BLAHNIK — At 1:59 p. m. on Nov. 20, a daughter, their first child, was born to Mr. and Mrs. Kenneth C. Blahnik of Carney. The infant weighed 10 pounds and 3 ounces at birth and has been named Carolyn Lee. Mrs. Blahnik was Marjorie Gorzinski.

VERHELST — Rev. and Mrs. William Verhelst of 1119 Wisconsin Ave., Gladstone are the parents of a son, their first child, born at 7:22 p. m. on Nov. 20. The infant weighed 7 pounds and 4 ounces at birth and has been named Craig Steven. Mrs. Verhelst is the former E. Suzanne Willmaa.

TAYLOR — A daughter, weighing 5 pounds and 5 ounces, was born to Mr. and Mrs. Jon R. Taylor of 1515 17th Ave. S. at 7:23 p. m. on Nov. 20. The infant, the first child in the family, has been named Veronica Mae. The mother was Rita Vanderlinden.

BABY CREAM HELPS

Maybe you've discovered that you don't have to have dry hair to have a dry, itchy scalp. Oils will help the dry scalp but they are bound to slide right down the hair strands and, if your hair is already too oily, that's the last thing you want. Pure baby cream can be rubbed into the scalp with a minimum amount of overlapping. Allow the cream to remain overnight and in the morning your scalp will be less dry. Repeat the treatment until the condition has cleared up, and then prevent a return of the problem with a regular pre-shampoo baby cream scalp massage.

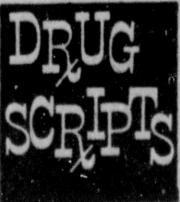

Isabella Circle Social Planned

The regular monthly social of Trinity Circle 362, Daughters of Isabella will be held Nov. 25 at the Teamster's Hall. A Thanksgiving party will be held and members and friends are invited to attend.

Cards of the player's choice will be played and a prize will be awarded at each table. Mrs.

Thomas McDonough and Mrs. Herbert Barry assisted by their committee members are in charge of arrangements.

The Lincoln Tunnel in New York was used by 7,777,992 vehicles in April, May and June of 1968, most for all toll tunnels.

W. J. Bisdee How Not To Get Ulcers

Recently several prominent doctors expounded their theories on how to enjoy ulcer-free ripe old age. Their advice was directed primarily to business men, but is a formula which could be a benefit to anyone.

In essence, the doctors advised against use of pep and sleeping pills and mid-day tipping. Avoid worry (they did not outline how this may be done), delegate authority, eat moderately, and exercise regularly, but in moderation.

They also cautioned wives against setting the husband down to dinner the minute he arrives home. They suggest that he be given an opportunity to kick off his shoes, sip a drink, and look over the paper before dinner.

Another factor contributing to a healthy peace of mind is the knowledge that all your prescriptions receive our expert professional attention here at GROSS DRUG STORE. We couldn't take more pains in filling your prescriptions if they were our own. We are located at 1007 Ludington St. Our Phone is ST 6-3552.

DIANE TRAVER, 19 of Wheatland Township was named the 1968 Michigan Farm Bureau Queen on Wednesday in Lansing. Runner-up was Mrs. Jean Ann Rasmussen of Edmore. (AP Wirephoto)

Woman's Club Told Of Stonington's History

BY JANET MARTIN

The November meeting of the Escanaba Woman's Club was held Wednesday afternoon in the Project Pride Room of the Chamber of Commerce Building with President Mrs. Stanley Venne, presiding.

Mrs. Harold Vanlerberghe announced that the annual Charity Ball sponsored by the Philanthropic committee of the Women's Club, will be held Dec. 28 at the Terrace Supper Club.

Charity Ball

Tony Kobasic's Orchestra will provide the music and a buffet supper will be served at 11 p.m. Formal dress is optional. Tickets will be available early in December and more information will be announced later.

Mrs. A. A. Gossan, music committee chairman, presented Mrs. Arlene Hendrickson, who in costume, sang, "Indian Love Call," for the musical portion of the program.

Mrs. Luther Barrett was program chairman for the day and introduced Mrs. Sophia Elizabeth Stone Pacquin, who presented an interesting program on, "Indian Lore of Stonington." Participating with Mrs. Pacquin were Mrs. Barrett and Mrs. Caroline Nystrom.

"Liz," as she is affectionately called, is part French, Chipewa and Menominee Indian and has lived in Stonington all of her life until recently when she moved to Escanaba to be near her family.

Family Of Nine

She was born in Stonington in 1893 and is the only surviving member of a family of nine. Her family resided in what was called Indian Town, where the Indian Cemetery is located now in Stonington and they made their living by farming, logging and trapping.

Callie Baston, Robert Olson Exchange Vows

Mr. and Mrs. Ronald Baston of 114 1st Ave. S., announce the marriage of their daughter, Callie Diane, to Robert John Olson of Neenah, Wis.

The ceremony took place on Nov. 14 and the couple is now residing at 5036 Fair View Beach Road, Oshkosh, Wis.

The bride is a graduate of Northern Michigan University, Marquette where she was affiliated with Delta Zeta Sorority. She was employed by the Upper Peninsula Power Co. of Houghton as a home service director.

Mr. Olson, formerly of Escanaba, is associated with the Old Town Restaurant chain and is presently manager of the Neenah restaurant.

When she married she and her family remained in Stonington and continued farming and logging. She has five children.

Handmade Articles

Liz brought several articles she had made to the meeting including, baskets, moccasins, a quilt and a woven creche. She told of many experiences of her ancestors and her family which made for a very interesting afternoon.

Tea was served by Mrs. Philip Daugherty and Mrs. Richard Donovan assisted by the Mesdames, Arthur C. Anderson, A. C. Baudek, Anna Kraus, Arthur Mierow, Edwin Wessel and Miss Eva Flemstrom.

Students Offer Tutoring To Poor

LANSING (AP) — A group of student volunteers from Michigan State University is offering tutoring services and art and music lessons at a pair of community action centers which serve Lansing's poor.

John Cauley, director of the MSU volunteer bureau, said students are tutoring area residents in such subjects as math, arithmetic, social science and English.

Many of those helped are adults who have had little education or who speak little English, Cauley said. Others are students who need help with their studies.

He said the bureau is planning a similar project at a third Lansing center.

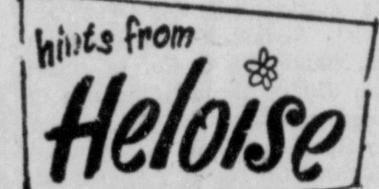

Nahma

Mr. and Mrs. Robert Bingham and children of Romeo, Mich. are visiting at the home of her parents, Mr. and Mrs. Francis Turek.

Laura Lee Lancaster of Arlington Heights, Ill. spent the weekend at the home of her aunt and uncle, Mr. and Mrs. William Henderson.

Stanley Lancaster of Arlington Heights, Ill., Milton Storey of Morocco, Ind. and Bob Doerk of Columbus, Ohio are staying at the Lancaster farm while hunting in the area.

A well-child clinic will be held Tuesday, Nov. 26 from 1 to 3 p. m. at the civic center.

Dear Heloise:

Have your readers ever tried keeping their little girls busy by letting them make bracelets or necklaces out of cantaloupe seeds?

All you do is thread a needle with some white thread and knot it at one end.

Next take your seeds (one or two at a time) and push the needle through them and pull them all the way down to the end of the thread where the knot is. Keep on doing this until you have the right size.

If Mom will allow, they can also try painting them after they are strung.

Mrs. V. Di Camillo

Dogs are trained for Air Force sentry duty at Lackland Air Base, San Antonio, Tex.

Cornell Lions Hold Annual Ladies Night

A ladies night event was held at the regular meeting of the Cornell Lions Club Tuesday evening at the Cornell Townhall. Dinner tables were decorated in a holiday theme with greens, berries and lighted tapers.

Fred Biekola of L'Anse, district 10 governor, was the guest speaker. He stressed new club membership and new club organization in the district.

The annual Christmas party sponsored by the Lions Club and the PTC was discussed and the Christmas tree for the party will be donated and setup by Vernon Wick. The next meeting will be held on Dec. 3.

Cold compresses are advised for treating a black-eye —there is no magic juice in a beefsteak.

National Honor Society Member

Mrs. Inez Ringland, nee Jaeger, daughter of Mrs. Frank Jaeger, 1114 10th Ave. S., has been initiated as a member of the National Honor Society, Phi Theta Kappa.

She is a sophomore at Morton College, Cicero, Ill.

After receiving her Associate of Arts degree, she plans to attend Rosary College, River Forest, Ill., for her Bachelor of Arts degree and will continue her studies toward a Master of Science in Library Science at Rosary College. She has been active in the Theater Guild and the Forensics Society at Morton.

The U. S. Geological Survey scientists calculate that the heat in the upper six miles of earth crust beneath the United States equals the energy generated by 900 trillion tons of coal.

Johnson Could Make Difference Saturday

ANN ARBOR (AP) — Ron Johnson, Michigan's on-and-off-the-field double threat, could make a big difference when the Wolverines and Ohio State meet in Columbus Saturday for the Big Ten Conference football title and a bid to the Rose Bowl.

Leadership ability is a quality that is hard to pin down, but everyone agrees that the great tailback from Detroit can lead just about as well as he can run. And that is very well indeed.

Johnson's teammates recognized that ability last spring when they elected Johnson the captain. Wolverine Coach Bump Elliott spotted it when he saw Johnson's 346 yards in rushing and five touchdowns against Wisconsin last week.

"I just think it's instinct," Elliott said.

"He's a strong runner and has great instincts. And the men on the ball club like to block for him. That's the kind of guy he is," Elliott said.

Johnson is a quiet fellow and Michigan, as Johnson himself put it, is not a "scream and bang on the walls kind of team."

The Wolverines don't fire up for a game by being whipped into a frenzy. After a game, even after a big victory over Michigan State or Minnesota, the atmosphere in the dressing room is subdued.

Good leadership is at least half inspiration and Johnson seems to inspire by doing. After

the Wolverines opened their season with a humiliating, w-7 loss to California, they went down to North Carolina to play Duke.

Just before the game, Johnson stood up on the bench in the dressing room and said simply, "You bleed, I'll bleed and they'll bleed."

On the field, Johnson showed them what he meant. He picked up 205 yards rushing, more than three times the total of the Duke team, and led the Wolverines to a 31-0 victory that started them on the championship path.

Johnson also has inspired the team with his optimism. Just after the Michigan State game, when the Wolverines had a 3-1 record that nobody took seriously, Johnson said they would go on to win the rest of their games and that he would play his last game in maize and blue at the Rose Bowl in Pasadena, Calif.

Johnson's great determination has won him the respect of rival coaches as well as that of his fans and teammates. After every game this season, opposing coaches have cited Johnson as the key to the Wolverine success.

And Ohio State will be watching out for him, too.

"Johnson has good size, speed, agility and balance," says Buckeye Assistant Coach Esco Sarkinen. "But his extraordinary physique gives him the ability to shake off tacklers. He cuts well and picks up blockers impressively."

Buckeyes Holding Edge In Big Ten Statistics

CHICAGO (AP)—Strictly on paper, Ohio State should be favored over Michigan in Saturday's showdown for the Big Ten title and Rose Bowl trip.

Official statistics showed Thursday that the Buckeyes are No. 1 on defense, limiting conference foes to a 270-yard average gain per game. This includes a league lead against rushing, an average yield of 121 yards. Purdue is No. 1 against passing with 111.

Ohio State is second in offense with an average gain of 458 yards, topped by a leading 304 rushing. Iowa heads offense with an average yield of 308 including tops in passing with 202.

Michigan is third on defense with an average yield of 308 yards. The Wolverines also are third on offense with an average gain of 426.

Iowa, closing Saturday at Illinois, is on the track for at least two offensive records. The Hawkeyes are averaging 36.5 points a game compared to the record 34.5 by Michigan in 1943. Their average yardage gained also is ahead of the record 450.7 set by Purdue last year.

Michigan's Ron Johnson took over the rushing lead after amassing a record 347 yards in 31 carries against Wisconsin. He now has 926 in 160 trips and has scored 13 touchdowns for the league's lead.

Johnson needs 71 more rushing yards to surpass the record set in 1965 by Illinois' Jim Grabowski. If he scored 11 more points he will break the season mark of 90 set last year by Purdue's Leroy Keyes.

Second to Johnson in rushing is Ed Podolak of Iowa with 711 yards in 107 carries.

Other departmental leaders include:

Passing — Dennis Brown, Michigan, 62-133-948 and 9 touchdowns; and Larry Lawrence, Iowa, 57-102-835-5. Total offense — Brown, 1,152; and Dave Shelbourne, Northwestern, 995. Scoring — Johnson 80 points; and Jim Otis, Ohio State, 60.

Pass receiving — Jade Butcher, Indiana, 28 for 463; and Bruce Jankowski, Ohio State, 22 for 221.

Kickoff returns — Kerry Reardon, Iowa, 10 for 34.0 average; and Nate Butler, Wisconsin, 14 for 23.6. Punting — Kerry Reardon, Iowa, 27 for 40.4 average; and Dick Berlinski, MSU, 28 for 38.8.

Punt returns — Doug Roalstad, Minnesota, 13 for 33.2 average; and Mike Sensibaugh, Ohio State, 8 for 10.6.

Interceptions — Tom Curtis, Michigan, a Big Ten record: 9 for 182 yards; and Frank Waters, Michigan State, 4 for 57.

Broncos Open With Redskins

BARK RIVER — Senior Tom Ray heads a list of seven returning lettermen among the 11-man varsity basketball roster that will open the 1968-69 Bark River-Harris cage season Friday in a home game against the Hermansville Redskins.

Ray, a 6 foot 4 inch center, grabbed 345 rebounds and scored 256 points on last year's Broncos team which finished the season with a 2-15 mark. Other lettermen on this year's roster are seniors Tom Fournier, John Jorasz, Dick Teal and Phil Sagataw and juniors Dan Veesser and Alex Jorasz.

Also hoping to crack the starting lineup are non-letter winners Russ Piriot, Gary Whatley, Larry Ray and Jim Bruce.

Coach Tom DeBakker is starting his fourth season as head mentor of the Broncos and prospects for a winning season for the Broncos look much better than they did at this time a year ago.

The Bark River schedule:

Nov. 22—Hermansville
Dec. 3—at Trenary
Dec. 6—Rock
Dec. 10—Perkins
Dec. 17—Eben
Dec. 20—at Carney
Jan. 7—Big Bay de Noc

Jan. 17—at Rapid River
Jan. 21—at Powers
Jan. 24—Carney
Jan. 28—at Hermansville
Jan. 31—at Perkins
Feb. 4—at Big Bay de Noc
Feb. 7—at Rock
Feb. 11—Powers
Feb. 14—Trenary
Feb. 28—Rapid River

Eben Launches Season Friday

EBEN — Five seniors, four juniors and three sophomores are listed on the Eben Eagles basketball roster for the 1968-69 season and working out daily in preparation for the season opener at Big Bay de Noc this Friday.

Of the twelve players listed on the roster, six played varsity ball on last year's team which compiled a 5-14 mark. Heading the list of returnees is junior Alex Freberg who scored 190 points and grabbed 79 rebounds as a sophomore last year. He will be joined on this year's squad by Dan Maki, Ken Korpi, Dan Anderson, Gary Kallio, Kelly Lasko, Leo Niemi, Bill Rinnemaki, Dale Maki, Duane Raska, Dave Moore and Joe Golin. Dan Maki, Korpi, Anderson, Kallio and Dale Maki saw action last season.

The Eagles will be lacking in height this season as no player on the varsity roster reaches the six foot mark. Freberg and Rinnemaki are tallest players, both standing 5 feet 11½ inches.

The Eben schedule:

Nov. 22—at Big Bay de Noc
Nov. 27—at Trenary
Dec. 6—Rapid River
Dec. 13—Rock
Dec. 17—at Bark River
Jan. 10—Bark River
Jan. 14—National Mine
Jan. 17—at Republic
Jan. 24—at Rapid River
Jan. 28—at Perkins
Feb. 4—Republic
Feb. 7—Big Bay de Noc
Feb. 11—at National Mine
Feb. 14—at Rock
Feb. 18—Perkins
Feb. 25—Trenary

Mike Tobin, Michigan State sophomore tackle from Detroit, is the son of George Tobin who played football at Notre Dame 22 years ago.

BULLY SYSTEM in Vietnam, where a Marine helps another cross a small river. Although the leathernecks made no contact with enemy troops, the rapids gave them another kind of battle.

Leland Cited For It's Daily Friendship Club

LELAND (AP) — At 10 a.m. there is less small town back-biting.

Average daily attendance is 20 to 40, but E. J. (Dino) Ziebell, publisher of the Leelanau Enterprise, says the club has attracted thousands of persons since 1964, including such dignitaries as Gen. Mark W. Clark.

Janitors, printers, attorneys and judges join a common surge to the Leland Fire Station for a half-hour session of the so-called International Coffee Club of America, which resembles more of a town meeting than a coffee break. It happens every day except Sunday.

Started as an experiment at understanding and friendship in 1964, the club this year was cited for its community achievement by the state-sponsored Michigan Week organization, which honors the state's towns and its people.

"It's where the village millionaire and the village idiot can reach a common understanding," Bishop said of the club.

He refuses to schedule appointments during the period, which is not unusual, considering that even Circuit Judge Charles Brown makes it a practice of not calling his court to order while the club is in session.

Resorters Join In

"It's hard to sit at a table day after day with some fellow and not like him," said Bishop. "This is particularly true between a group of resorters in our area and the local residents. Both groups now like each other because they can associate on

'Clunk' Of Door Foiled Escape

DETROIT (AP)—A jail-door bar that went "clunk" instead of "clang" meant the difference between escape and imprisonment Wednesday for three inmates of the Wayne County Jail.

Undersheriff William Lucas said the clunk resulted because two bars—enough for a man to squeeze out of the cell—had been sawed through. The bars were held in place by chewing gum, the officer said.

Lucas said three bars on an outer ward door also had been sawed through, with less than an inch remaining of a fourth bar—and escape to an unbarred window.

Lucas said they had used hacksaw blades apparently smuggled to them by visitors.

The three men were awaiting trial on charges ranging from unarmed robbery to bank robbery and assault with intent to murder.

some basis rather than the master-and-servant relationship," he said.

In fact, three tourists who spent the summer at Leland were so intrigued with the coffee hour idea, that they chipped in to make the room acoustically pleasing. Before that, the talking grew into such a din "you couldn't hear yourself think," said Ziebell.

Women were invited only twice.

"They were pretty quiet, which was quite surprising," the publisher said.

The coffee whistle was taken from a diesel locomotive and hooked-up with a special air compressor next to the regular fire alarm in the fire station.

Only once so far has the coffee hour been interrupted—the day the fire alarm went off. About 33 of the town's finest put down their coffee cups and climbed onto the three fire trucks. They zoomed away to do battle with a barn blaze 10 miles distant.

"Then we came back and finished our coffee," Ziebell said.

Station Operator Accused Of Fraud

DETROIT (AP) — A Detroit gas station operator was accused Wednesday of defrauding Standard Oil Co. of more than \$50,000 through the use of stolen credit cards. Police said the fraud was uncovered when Standard Oil security agents became suspicious at the number of sales made by Robert Clark of Detroit charged to stolen credit cards. Clark was charged with violation of a recently passed state law making it a felony to possess another person's credit card for fraudulent ends.

Livonia Dispute

LIVONIA (AP)—In what was believed a contract dispute, 93 employees of the Livonia Department of Public Works (DPW) failed to report for work Wednesday. Robert Shaw, DPW director, said there was no indication why the employees stayed home other than general dissatisfaction. Shaw said the DPW men had been arguing with the city over extended winter hours, which add a half hour to each working day. The present two-year pact expires Nov. 30.

Class B All-State Honors Given To One U.P. Gridder

By The Associated Press

Five of the top 10 Class B teams in Michigan placed players on the 1968 Associated Press All-State football team.

End Darrell Blackburn of top-ranked Riverview, running backs Steve Lefere of third-ranked Jackson Lumen Christi and Richard Kluge of fourth-place Mount Clemens Clintondale, guard Bill Valasco of seventh-ranked Monroe Catholic Central, and quarterback Gary Danielson of the No. 5 team, Dearborn Divine Child, were all named to the first team.

Also making the first 11 were: end Ron Maygar of Flint Bentley, tackles Bill Hart of Rockford and Larry Jones of South Lyon, center Dave VanHoyningen of Caledonia, guard Gary Schmidt of River Valley and Craig Tuohy of Bloomfield Hills.

Blackburn, who is president of the National Honor Society at Riverview, led his team to a 9-0 record by scoring six touchdowns as a tight end on offense and was the team's second leading tackle on defense. Coach Don Lesner calls him "a tremendous leader and very dedicated athlete." He was captain of this year's team and was voted most valuable player by his teammates. Blackburn was also captain of the basketball team last year and was a starter on the baseball team.

Maygar caught 40 passes for 683 yards and nine touchdowns. He was a halfback on defense and was a three-year regular. Flint Bentley had an 8-1 record this season.

Rockford's (8-1) Bill Hart is the tallest player on this year's AP Class B All-State squad. He stands 6-foot-6 and weighs 210 pounds. But despite his size, he is said to have "a lightning like initial charge and often makes contact with his opponent before the latter realizes the ball has been snapped." On offense Hart is a pulling tackle who, according to observers, "is a

great downfield blocker." He was the captain of the team and has a B-plus scholastic average. Despite Jones' 235 pounds, he runs the 100-yard dash in 10.9 and was the third fastest player on a 7-1-1 South Lyon squad. He was a pulling tackle on offense and linebacker on defense. He was the team's second leading tackler and was a strong, powerful blocker.

Center VanHoyningen sparked his Caledonia team to an 8-0-1 record for its first unbeaten sea-

son in six years. He reportedly never failed to lead the team to first downs on quarterback sneaks.

Valasco is considered the best player in the Twin Valley League and paced Monroe Catholic Central to an 8-0-1 season. He is a dash champion in track and was selected to the All-League team the last two years.

A four-year letterman, Schmidt made 76 unassisted tackles in eight games for River Valley (5-3). Coach Dave Thompson says Schmidt is "real quick and has tremendous lateral movement. He's like a cat."

Quarterback Danielson scored 16 touchdowns and passed for eight. He completed 79 of 128 passes for 1,262 yards. His biggest game was against University of Detroit High which Divine Child beat for the Detroit Catholic championship. In that game Danielson hit on 23 of 27 passes.

Lefere paced Lumen Christi to a fine 7-1 record against top notch opponents. He picked up 1,241 yards rushing and pass receiving and scored 13 touchdowns. Lefere returned nine punts for 181 yards and on defense he intercepted five passes.

Halfback Tuohy was a three-year starter who scored 16 touchdowns this year and 40 in his career at Cranbrook, which was 7-1 this year. He was co-captain and considered a smart runner and outstanding college prospect. Tuohy also threw four touchdown passes.

Kluge was voted the most valuable player in the Bi-County League as Clintondale went undefeated in eight games. He rushed for 1,118 yards on 146 carries for a 7.9 average and 10

touchdowns. Kluge runs the 100 in 9.9 and is said to be not only fast but also has sharp moves and fakes.

CLASS B FIRST TEAM

Pos. Name, School Hgt. Wgt. Class
E — Darrell Blackburn, Riverview 6-0, 185, Sr.

son in six years. He reportedly never failed to lead the team to first downs on quarterback sneaks.

Valasco is considered the best player in the Twin Valley League and paced Monroe Catholic Central to an 8-0-1 season. He is a dash champion in track and was selected to the All-League team the last two years.

A four-year letterman, Schmidt made 76 unassisted tackles in eight games for River Valley (5-3). Coach Dave Thompson says Schmidt is "real quick and has tremendous lateral movement. He's like a cat."

Quarterback Danielson scored 16 touchdowns and passed for eight. He completed 79 of 128 passes for 1,262 yards. His biggest game was against University of Detroit High which Divine Child beat for the Detroit Catholic championship. In that game Danielson hit on 23 of 27 passes.

Lefere paced Lumen Christi to a fine 7-1 record against top notch opponents. He picked up 1,241 yards rushing and pass receiving and scored 13 touchdowns. Lefere returned nine punts for 181 yards and on defense he intercepted five passes.

Halfback Tuohy was a three-year starter who scored 16 touchdowns this year and 40 in his career at Cranbrook, which was 7-1 this year. He was co-captain and considered a smart runner and outstanding college prospect. Tuohy also threw four touchdown passes.

Kluge was voted the most valuable player in the Bi-County League as Clintondale went undefeated in eight games. He rushed for 1,118 yards on 146 carries for a 7.9 average and 10

touchdowns. Kluge runs the 100 in 9.9 and is said to be not only fast but also has sharp moves and fakes.

CLASS B FIRST TEAM

Pos. Name, School Hgt. Wgt. Class
E — Darrell Blackburn, Riverview 6-0, 185, Sr.
E — Ron Maygar, Flint Bentley, 6-1, 180, Sr.
T — Bill Hart, Rockford 6-6, 210, Sr.
T — Larry Jones, South Lyon, 6-0, 235, Sr.
C — Dave VanHoyningen, Caledonia, 6-1, 185, Sr.
G — Bill Valasco, Monroe Catholic Central 6-2, 200, Sr.
G — Gary Schmidt, River Valley 5-11, 215, Sr.
QB — Gary Danielson, Detroit Divine Child 6-2, 185, Jr.
B — Steve Lefere, Jackson Lumen Christi 5-11, 165, Sr.
B — Craig Tuohy, Bloomfield Hills 6-0, 190, Sr.
B — Richard Kluge, Mount Clemens Clintondale 6-0, 182, Sr.

SECOND TEAM

E — Tom Devine, Jackson Lumen Christi 6-2, 190, Jr.
E — Ralph Idelski, Rogers City, 6-3, 195, Sr.
T — Rick Nerat, Menominee 6-1, 195, Sr.
T — Cory Gildersleeve, Oscoda, 6-3, 230, Sr.
C — Craig Martin, Sturgis, 5-0, 165, Sr.
G — Reg Thom, Lansing Gabriels 6-0, 195, Sr.
G — Craig Yager, Midland Bullock Creek, 6-2, 210, Sr.
QB — George Mihailu, River Rouge, 6-1, 180, Sr.
B — Bill Chupp, Reed City 5-10, 170, Sr.
B — Terry Conley, Orchard Lake West, Bloomfield 5-10, 155, Sr.
B — Joe Andrews, Blissfield, 6-2, 210, Sr.

CLASS B Honorable Mention

QUARTERBACKS — Chuck Impastato, Monroe Jefferson; Ed Barnwell, Greenville.
BACKS — Mike Shea, Ironwood; Greg Ward, Portland; Bob Carlson, Gladstone; Bryan Mousseau, West Baltimore Anchor Bay; Craig Webster, Mason; Archie MacGillivray, Vassar; Grant Gillaspay, Clare; Jim Hunt, Tecumseh; John Baskin, Willow Run; Richard Byrd, Willow Run; Rodney Wimprey, River Rouge; Ron Matthews, Ecorse; Ron Outland, Milan; Dirk Dietters, Cranbrook; Barry Deal, Northville; Mike Johnson, West Branch; Gary Stephens, Bronson; Ray Melarum, Algonac; Bruce Jobbitt, Port Huron; Colby Rob, Marysville; Dan Young, Holy Name.

ENDS — John McKiesh, Ironwood; Carlo Mobley, Tecumseh; Bill Kilgore, Dearborn; Jerry Mackham, Milan; Don Fonda, Cranbrook; Terry Ruffato, Waterford; Mott, Willie Lane, Albion; Les Feller, St. Clair; Steve Nelson, Gladstone.
TACKLES — George Tamblyn, Bad Axe; Dennis Jolico, Coopersville; Dave Southwell, Jackson Lumen Christi; John Sharrard, Essexville; Garber, Mike Gless, Willow Run; Mike South Lyon; Mike St. Onge, Reed City; Dan Sunberg, Marshall.

GUARDS — John Foley, Port Huron; Catholico, John Geronzi, West Bloomfield; Tom Martin, Royal Oak Shrine; Bill Sauter, Blissfield; Bob Horn, Willow Run; Mike Carmody, Willow Run; Craig Stephens, Chelms; Dave Penley, South Lyon; Bob Molissen, Sturgis.
CENTERS — Dan Gibbs, Millington.

QUARTERBACKS — Chuck Impastato, Monroe Jefferson; Ed Barnwell, Greenville.
BACKS — Mike Shea, Ironwood; Greg Ward, Portland; Bob Carlson, Gladstone; Bryan Mousseau, West Baltimore Anchor Bay; Craig Webster, Mason; Archie MacGillivray, Vassar; Grant Gillaspay, Clare; Jim Hunt, Tecumseh; John Baskin, Willow Run; Richard Byrd, Willow Run; Rodney Wimprey, River Rouge; Ron Matthews, Ecorse; Ron Outland, Milan; Dirk Dietters, Cranbrook; Barry Deal, Northville; Mike Johnson, West Branch; Gary Stephens, Bronson; Ray Melarum, Algonac; Bruce Jobbitt, Port Huron; Colby Rob, Marysville; Dan Young, Holy Name.

ENDS — John McKiesh, Ironwood; Carlo Mobley, Tecumseh; Bill Kilgore, Dearborn; Jerry Mackham, Milan; Don Fonda, Cranbrook; Terry Ruffato, Waterford; Mott, Willie Lane, Albion; Les Feller, St. Clair; Steve Nelson, Gladstone.

great downfield blocker." He was the captain of the team and has a B-plus scholastic average. Despite Jones' 235 pounds, he runs the 100-yard dash in 10.9 and was the third fastest player on a 7-1-1 South Lyon squad. He was a pulling tackle on offense and linebacker on defense. He was the team's second leading tackler and was a strong, powerful blocker.

Center VanHoyningen sparked his Caledonia team to an 8-0-1 record for its first unbeaten sea-

son in six years. He reportedly never failed to lead the team to first downs on quarterback sneaks.

Valasco is considered the best player in the Twin Valley League and paced Monroe Catholic Central to an 8-0-1 season. He is a dash champion in track and was selected to the All-League team the last two years.

A four-year letterman, Schmidt made 76 unassisted tackles in eight games for River Valley (5-3). Coach Dave Thompson says Schmidt is "real quick and has tremendous lateral movement. He's like a cat."

FEARSOME FOURSOME — Four big reasons that the Minnesota Vikings are leading the National Football League's Central Division with a 6-4 record is the front four of the defensive corps: from left, Jim Marshall, Alan Page, Gary Larsen and Carl Eller. The Vikings defense has dropped opposing passers 38 times this year for a total loss of 258 yards. Both Page and Eller were named Associated Press Lineman of the Week on successive weeks. (AP Wirephoto)

Eight Lettermen Bolster Cage Hopes For Eskymos

Eight lettermen are listed on the 14-man varsity basketball roster that is working out daily at Escanaba High School preparing for the Eskymos' season opener at Marquette tomorrow night against the Redmen. Game time is 8 p.m.

Varsity coach Bill Howes feels he has a fair squad this year. "The boys have a year of varsity experience under their belts which will help in the close games. We will have fair height, something we were lacking last season."

Lettermen returning from last year's squad which posted an 8-10 record include Jay Johnson, Dan Mylander, Jim Olsen, Jack Johnson, Greg Johnson, John Moberg, Mike Beck and Brian Thienfeldt. Mylander led the Eskymos in scoring last season with 214 points and Moberg and Jack Johnson chipped in with 197 and 122 respectively. Moberg was the top rebounder, hauling in 161 caroms. All eight lettermen are seniors. Adding support to the eight lettermen will be juniors Gene

Timmer, Bob Gauthier, Bob Thompson, Bill Dubord and Dennis O'Connell along with sophomore Tom Kangas. O'Connell is the tallest player on the squad at 6 feet 5 inches. Kangas, at 6 feet 4 inches, and Beck, at 6 feet 3 inches, give the Eskymos fairly good height.

Howes, a graduate of Western Michigan University, took over the Eskymo reins last season. He was formerly the head coach at Rudyard High School for four years, compiling a 69-17 record. Assisting him this season will be Robert Thibault, who takes over as junior varsity coach replacing Dick Koski.

Mrs. Boal Dies, Funeral Friday

Mrs. Elmer Boal, 69, 314 Chippewa Ave., died suddenly in the Schoolcraft Memorial Hospital Tuesday night.

The former Nancy Archey Bauman was born in Michigan on Jan. 8, 1899 and lived most of her life in Manistique. She was married to Elmer Boal who died Dec. 23, 1967.

Mrs. Boal is survived by two daughters, Mrs. Donald MacPhail of Manistique and Mrs. Bernard Rogers of Gulliver; two sons, William Bauman of Manistique and Arthur Bauman of Grand Rapids; two stepsons, Steward Boal of Pickford and Donald Boal of Wau-bay, S. Dakota.

Three sisters also survive: Mrs. Clarence Wood, Mrs. Chester Woodruff and Mrs. Orville Paradise, all of Manistique; three brothers, Henry Archey, Charlie Archey and Roy Archey, Manistique.

Mrs. Boal was a member of the First United Methodist Church.

Complete funeral services will be held in the Kefauver-Jackson Funeral Home Chapel Friday at 2 p. m. with Rev. Mr. Theodore E. Doane officiating. Burial will follow in the Fairview Cemetery.

Friends may call at the Kefauver-Jackson Funeral Home today from 2:30 until 9:30 p. m.

MANISTIQUE

Schoolcraft Board For Eastern Time

By BARBARA JOHNSON

In their next-to-the-last meeting Tuesday night the Schoolcraft County Board of Supervisors spent a busy four hours approving amendments to the County Interim Zoning Ordinance, made several board appointments, approved a cost-of-living increase for jail personnel and heard a suggestion relative to obtaining a Nursing Home for the county.

The supervisors also discussed the time standard and in the closing minutes staged a heated discussion on the appointment of two citizens to a proposed Driver Safety School Advisory Board.

Up Salaries

Chairman pro-tem Floyd Sample of Thompson presided in the absence of Chairman Joel Carley of Inwood Township. Also missing were Seney Supervisor Clayton R. St. Martin and City Supervisor Harold O. Carlson.

Sheriff Lloyd Gray requested an additional \$1,000 appropriation for his office to increase the salaries of the two night deputies and a turnkey, Supervisor Richard Rodgers of Doyle, opposing the request, reminded Gray that he had not presented a budget to the Finance Committee, which Rodgers heads, before the county budget was adopted in October.

Gray was authorized to grant the three jail employees a six per cent cost-of-living increase, but the money must come from his office budget. Deputies are currently paid \$3,700 annually and the turnkey, or undersheriff, an annual stipend of \$2,300. The pay increases total \$360 for all three employees.

Gray also requested additional money for issuing driver licenses. He is currently paid \$50 per month. A board committee will investigate and make a recommendation at the December meeting.

Law Ignored

Dr. Merle E. Wehner told the Board of the problems involved in caring for older citizens who need nursing care — including bed and board — and the lack of an extended care facility in the county. He pointed out that many such patients are currently lodged in the Medical Care Facility illegally and told the board that should an inspection be made, the county would be liable for any money services rendered beyond the \$12 daily minimum provided by the government.

In an "executive-type session," with newsmen absent, the supervisors heard Leo Reich of M.S.T.R. Group, Inc., Duluth, report on ways to finance a nursing home. County Clerk Fred Lesica said later that the board indicated intent to use a feasibility study on the matter by Reich's company.

For Eastern Time

Schoolcraft County will go along with the Delta County prosecuting attorney's suggestion that the seven eastern U.P. counties petition the U.S. Department of Transportation to exempt themselves from Daylight Savings Time and the regulations of the Federal Uniform Time Act. The seven counties include Mackinac, Chippewa, Alger, Luce, Schoolcraft, Delta and Marquette.

City Supervisor Bill Wedegartner said he could not see the merit of a Driver Safety School being established to deal with repeat traffic violators. Wedegartner argued against approval of the school and the board appointing two citizens to an advisory board.

Germfask Supervisor Bob Jack said he felt that if one life could be saved by attempting to re-educate chronic traffic offenders the program would be worthwhile.

Named To Board

Ralph Ekstrom, city clerk, and pharmacist William Mailes were appointed to the Advisory Board of the Safety School, which will function under the Manistique Community School.

To comply with a new law effective Nov. 16, the board appointed a special election committee who will determine any conflict of election scheduling to allow for a special February millage election. The request came from Supt. Edwin E. Wuehle of the Manistique Area Schools. Comprising the committee will be County Clerk Fred Lesica, City Clerk Ralph Ekstrom, School Board member Margaret Waters and Mrs. Fay Patterson, Mueller Township.

Tax Delinquency

"A Delinquent Tax Revolving Fund" set-up was approved after County Treasurer William Cowman told the board that such a program would bring additional revenue into the general fund, save work and eliminate red-tape procedures with other county units. Under the revolving fund all units of government — schools, city, townships — would be paid 100 per cent of tax levies on March 1 instead of the 90 per cent of collections they now receive.

When the delinquent taxes are paid, Cowman said, the county would keep the collection fees, rebates and interest paid on such taxes. The system of paying these units, under present operation, involves partial payments each month and pro-rating the interest charges, etc. The adoption of the new system will mean a county cash outlay of \$59,000, based on a projected 90 per cent collection, but the county has the money in March, Cowman said, and the money will be repaid when delinquent taxes are paid.

Valuation Rises

Tax director Harold Peters said that the assessed valuation of the county should rise to \$30 million with the assessment on the Great Lakes Gas Transmission Pipeline in 1969. Peters said pipeline reported an outlay of \$210,000 per mile for laying the line and that the assessment would be figured on between \$30 — \$39.77 per foot. The Upper Peninsula Tax Association will be meeting sometime after Jan. 15 to decide on a per foot assessment for tax purposes.

Edwin Johnson and William Putvin were reappointed to six year terms on the Schoolcraft Memorial Hospital Board of Trustees.

Magoon's Court Has Busy Week

Paying fines in Justice Howard Magoon's Court on Tuesday, Nov. 12 for speeding were Thomas J. Lorenzini, Racine, \$22; Loren P. Ameen, Marquette, \$12; Oliver E. Asiala, Hancock, \$22; Floyd E. Sommers, Marquette, \$12; and Robert C. Lynn, Twin Lake, \$22.

In other cases: Virgil O. Tharp, Florida, improper permit—no flags, \$7; James W. Brown, Rte. 1, defective turn signal, \$5; and excessive muffler noise, \$5; Gary L. Magnusson, Germfask, noisy mufflers, \$7; and Wilbert J. Tanguay, Cooks, driving with impaired ability, \$54.30.

Appearing in court on Wednesday, Nov. 13 were Herbert Popour, Star Route, failure to yield right of way, \$7; Dorothy T. Joslin, Marlette, speeding, \$27; Alex Parker Jr., Mt. Clemens, speeding, \$12; Ronald W. Lee, Gulliver, no operator's license, \$7; and non stop for a stop sign, \$7; and James W. Brown, Rte. 1, speeding, \$12; and defective lights, \$2.

Fined on Thursday, Nov. 14 were Elmer T. Leach Jr., Daventon, Iowa, no Michigan authorization, \$15 and no entry in log book, \$15; William A. Bailey, Munising, speeding, \$12; Gordon A. Brown, Box 412, Manistique, failure to report property damage accident, \$12; Rodney B. Ames, Pickford, speeding, \$12; Richard Frock, Rte. 1, drunk, \$31.80; and Kerry J. Chambers, Hart, no protective helmet, \$5.

Fined on Monday, Nov. 18 were Omar O. Olsen, Thompson, assault and battery, \$16.80 and one year probation; C. J. Waldron, Lake, failure to validate license, \$17.30; Francis G. Tiglas, Newberry, allowing minor to hunt, \$22.30; Jacques Blanchetti, Roseville, carrying a loaded rifle in auto, \$17.30; Robert E. Madary Jr., Wyandotte, speeding, \$37; Raymond E. Burns, Star Route, speeding, \$12; Curtis E. Hacias, Utica, speeding, \$12; Mary J. Gustafson, Iron River, speeding, \$12; Grace A. Schoenhofen, Walker, Minn., too fast for conditions, \$7; Roy T. Kassel, Detroit, speeding, \$12; and Richard M. Frock, Rte. 1, careless driving, committed for five days; failure to report personal injury accident, committed for three days, and failure to transfer registration, committed for three days. Frock's commitments were in lieu of failure to pay fines totaling \$98.30.

In other cases: Darlene L. Tanguay, Cooks, disorderly, \$14.30 and failure to stop on police signal, \$19.30; Patrick C. LaFave, Fourth St., driving with impaired ability, committed for five days for failure to pay a fine of \$79.30; Matthew Pink, Dearborn, failure to have auto under control, \$2; Raymond Henry, Detroit, drunk, committed for 5 days for failure to pay a fine of \$54.30; Richard M. Frock, Rte. 1, failure to report property damage accident, committed for 3 days for failure to pay a fine of \$27; William H. Henry, Troy, driving with impaired ability, \$104.30; Kenneth W. Phillips, Clawson, allowing unaccompanied minor to hunt, \$27.30; and Paul H. Stoetzer, Germfask, speeding, \$22.

Zoning Amendments Get Board Adoption

The Zoning Amendments adopted by the Board of Supervisors Tuesday night are actually a compromise package involving several areas of dispute between the Zoning Commission and a special Zoning Committee who worked out the problems of the Ordinance. The amendments proposed and accepted are subject to final approval by the Michigan Dept. of Commerce.

One of the amendments deals with the parking of mobile homes in the county. Such homes may be located in areas zoned R. 2 provided they contain a minimum of 500 square feet of living area, or dimensions of 10 x 50, and are positioned on at least 20,000 square feet of property with a minimum frontage of 100 feet. The same requirement exists for new home construction.

Another amendment provides that 60 per cent of property owners must agree to the location of a mobile home in their area if their subdivision was platted prior to April 1, 1968.

If immediate action is needed to allow a permit for land use, a special committee — composed of the chairman of the Planning Commission, a county board representative on the Zoning Commission (but not a member of the Board of Appeals) and a member of the Zoning Commission — have the authority to approve such an application without the approval of the Zoning Commission.

The Zoning Administration is structured to include a County Zoning Administrator with Township Supervisors acting as administrators for their respective townships. Boyd Briggs was appointed Administrator and the following were named to membership of the Commission, effective Jan. 1, 1969, for a three year term; Wells Bowers of Mueller Township; Harold Carpenter, Germfask; Harold O. Carlson, Manistique; and A. Edwin Long, Thompson.

Carlson served as chairman of the special committee which formulated the amendments and was assisted by Bowers, Clayton R. St. Martin and ex-officio members Howard Handorf and Otmer J. Schuster.

Hospital

Admitted to Schoolcraft Memorial Hospital were Darlene Welch, Ervin Bremer, Lawrence Tennant, Mary Cameron, Nancy Jackson, Beverly Snyder, Harry Allen, Loretta Stevens, Bonnie Sundin, Richard Frock, Gordon Hamel, Marie LaFave, Maxine Troyer, and Honnelore Patrick.

Discharged were Dorothy Sadler and baby, Ernest Kralik, Francis Kasun, Charles Gauthier, and Kathryn Alexander.

Briefly Told

The hot-lunch menu for Friday at Doyle, Central, Fairview, and Hiawatha Schools will be sliced luncheon meat, whipped potatoes, buttered corn, bars, and orange juice.

King's Daughters of Bethel Baptist Church will meet at 7:45 tonight in the church. Mrs. Arthur Allen, Mrs. John Blomquist and Mrs. Carleton Hollister will be hostesses.

CLASSIFIED ADS COST LITTLE BUT DO A BIG JOB

Thank you, District 1 voters for supporting and electing me to serve as your representative on the Board of Supervisors. Your confidence in my ability is appreciated.

Thurman Skarritt, Sr. Germfask

H. C. Price Co. Gives Band \$500

The H. C. Price Co., pipeline construction company working in the Schoolcraft County area, contributed \$500 to the "Dress Up The Band" Drive, Mrs. Robert Johnson said. Edward E. Kennedy of the Price Co. made the donation in his company's name.

Mrs. Johnson said that the results of the recent house-to-house canvass are still being tabulated and estimated that the drive has not quite reached the half-way quota. The Band Committee must raise \$3,500, or half of the amount needed to outfit the Manistique High School Band with new uniforms.

Donation tickets will be available from the Committee in downtown Manistique this weekend, Mrs. Johnson said. A model of the new band uniform is on display in the window of the Johnson Cleaners.

Births

SNYDER — Mr. and Mrs. Boyd Snyder, 134 S. Fifth St., are the parents of a girl born Tuesday, Nov. 19 at Schoolcraft Memorial Hospital and weighing seven pounds, nine and a half ounces. The mother is the former Beverly Collins.

TROYER — Mr. and Mrs. John Troyer, Engadine, are the parents of a girl born Tuesday, Nov. 19 at Schoolcraft Memorial Hospital and weighing seven pounds, eight ounces. The mother is the former Maxine Davis.

'First Lady Of Beautification'

NEW YORK (AP) — Mrs. Lyndon B. Johnson, saluted as "The First Lady of Beautification," urges manufacturers to help solve the litter problem by producing a package "that will disintegrate or is worth redeeming."

The nation's First Lady was honored Tuesday by Keep America Beautiful, Inc., for her endeavors to clean up and beautify both cities and the countryside.

"It will take effort and money to develop ways to salvage and reuse the products that have been so lavishly discarded," she said, "but the social cost of not doing so is even higher."

After four years of "watching antilitter efforts," she continued, "I hope some day soon their (industry's) public relations men... will sit down with their research and production men and explore new paths."

Mrs. Johnson, who begins a farewell tour of the nation Friday, later told newsmen she would "continue my interest in beautification," adding: "My heart will always be in it and some of my hours."

Card of Thanks

Erickson

A heartfelt thanks to all who made my 90th birthday the best one ever.

Telle Erickson

Rate Increase Is Sought By U.P. Power

HOUGHTON — Upper Peninsula Power Co. has applied to the Michigan Public Service Commission for authority to increase electric rates throughout its service area in the Upper Peninsula of Michigan. Russell F. Hoyer, president, said rising costs have seriously affected the company's earnings and economy measures together with improved operating efficiencies have failed to curb this downward trend in earnings. UPPCO filed its petition with the Michigan Public Service Commission on Nov. 15.

In the past 15 years, Hoyer said, UPPCO has enlarged its operations substantially through the acquisition of certain small-

Not Affected

The City of Escanaba has a contract with the Upper Peninsula Power Co. for a 19-year period ending in 1978, and the firm's requested rate increase should not affect customers served by the municipal utility, said City Manager George Harvey. Customers of the Gladstone electric utility likewise are not believed affected by the proposed Power Co. rate increase.

er neighboring electric utilities and provides electric service through its system to communities and localities in 11 of the 15 counties of the Upper Peninsula.

The counties within the company's service area are: Alger Paraga, Delta, Houghton, Iron, Keweenaw, Mackinac, Marquette, Menominee, Ontonagon and Schoolcraft. The larger part of the company's service area is referred to as its integrated system and includes all counties mentioned except Iron. In Iron County the company serves the communities of Iron River, Stambaugh, Caspian, Gastra, Mineral Hills and adjacent areas.

While an aggressive program of expansion and improvement to UPPCO's plant facilities has been underway to bring the best service possible to its customers, the inflationary up-

swing has caused concern about decrease reflected in earnings, said Hoyer. He said increased sales by the company since 1960 have not been sufficient to offset increased taxes and expenses.

Major factors contributing to this unfavorable situation are the increase in cost of equipment and supplies, including fuel, increase in various taxes, higher interest rates, and increased operating payrolls. The addition of a 10 per cent federal surcharge tax and the new state income tax contribute significantly to the increasing costs. It is for these reasons that UPPCO finds it necessary to seek relief through an increase in electric service rates, said Hoyer.

In reaction to rising costs in all aspects of utility operations, seven Michigan utilities have filed for increases. Similar petitions have already been filed by utilities in Wisconsin, Minnesota and elsewhere in the United States, Hoyer said.

Nursing Course To Be Offered, Openings Cited

William Vogelmann, counselor with the Michigan Employment Security Commission at Escanaba, announced today that a number of people will be selected from Delta and Schoolcraft counties to attend the upcoming practical nurse course in Escanaba.

The 48-week course will be offered at Bay de Noc Community College in Escanaba and will be funded under the Manpower Development and Training Act.

Any persons who are high school graduates or who have a general educational development equivalency rating may receive more information on this program by calling the Employment Office at 786-6841.

Obituary

LARRY CORBIEL
Funeral services for Larry Corbiel will be held at 9:30 a.m. Friday at St. Anthony's Church in Wells with the Rev. George Pernaski officiating. Burial will be in Gardens of Rest Cemetery. Friends may call at the Allo Funeral Home from 3 to 9:30 p.m. today.

MRS. SARA BUTLER
Funeral services for Mrs. Sara Butler will be conducted at 9 a.m. Saturday at St. Patrick's Church with the Rev. Charles Carmody officiating. Burial will be in Holy Cross Cemetery. Friends may call at the Allo Funeral Home from 3 to 9:30 p.m. Friday.

Earthquakes in the United States have claimed only 1,500 persons since the nation's settlement. Almost 50 per cent of the victims perished in the 1906 San Francisco disaster.

Briefly Told

Traffic court notices have been issued by Escanaba police to Dale J. Paulin, 212 N. 20th St., speeding and disobeying a stop sign; and Stephen Curry, 806 S. 16th St., speeding.

Peninsula Plungers Investment Club will meet at 6:45 p.m. today at the Delta County Building. Members are to bring their dues for November and December.

The Bay de Noc Toastmasters Club will meet at the Sherman Hotel at 6 p.m. Monday. The speakers will be Jay Bennetts, Al Piquette and John Lamse.

Two juvenile boys of Escanaba have admitted to city police that they twice entered the Chatfield machine building, and took some tools and some transistor batteries. They have been referred to probate court.

Traffic court notices have been issued by Escanaba police to Diane Ahti, 810 3rd Ave. S., failing to exercise due care; Ronald Young, 1412 10th Ave. S., disobeying a traffic signal; Allan L. Hansen, Escanaba Rte. 1, driving too fast for conditions; and Carol L. Provo, 200 N. 21st St., improper turn.

An immunization clinic will be held by the Delta-Menominee Health Department on Friday afternoon from 2 to 4 in the Delta County Building.

The Delta Duplicate Bridge League will meet at 7:30 p.m. Saturday at the Elks Club.

Theft of a rifle from John Brooks, Taylor, Mich., is under investigation by State Police. Brooks told officers that the rifle, a 300 Savage, was taken from outside a camp near Cornell sometime Tuesday night.

State Police issued traffic summonses Wednesday to Clifford Gillis, Rte. 1, Gladstone, improper use of registration plates; Allan Gillis Jr., 1114 Wisconsin Ave., Gladstone, improper registration plates, no insurance and defective brakes.

CHAIN'S EXTENT
Beginning 50 miles east of Palm Beach, Fla., the Bahama chain stretches 750 miles southeastward, forming a natural barrier to the eastern entrance to the Gulf of Mexico.

Sisters To Hear Renewal Dialogue

Four out-of-state educators and speakers will conduct an inter-community institute for Catholic sisters serving the Marquette diocese, Nov. 28 to Dec. 1, at the Marygrove Center for Christian Renewal, Garden.

The institute staff includes Dr. Ruth Mary Fox, nationally known scholar and educator, professor-in-residence at Edgewood College, Madison, Wis.; Sister M. Armelle Lensmeier, S. S. N. D., psychologist, Wayzata, Minn.; Rev. Donald

Msgr. Karch Dies Wednesday

Msgr. Victor A. Karch, 80, retired priest who ranked third in longevity in the Marquette Catholic Diocese, died Wednesday in St. Francis Hospital.

A resident of the Bishop Noa Home for Senior Citizens, Msgr. Karch was admitted to the hospital 10 days ago after suffering a stroke.

He was born in Germany Sept. 4, 1888, and began his studies for the priesthood there. He studied in Poland for seven years and completed his studies at St. Francis Seminary, Milwaukee. He was ordained at Marquette, in 1915 and assigned to St. Adalbert's Parish, Menominee, in 1917. He remained there until his retirement in 1965.

There are no known survivors.

The body will lie in state at the Lemieux Funeral Home in Menominee from 3 p.m. Thursday until services at 11 a.m. Friday at St. Adalbert's Church. Burial will be in Riverside Cemetery, Menominee.

Hospital

Tom Caron, the son of Mr. and Mrs. Walter Caron of 2101 5th Ave. S., who was injured in an automobile accident at Newberry Sunday, was removed to St. Francis Hospital and has been a patient there since Monday evening.

Schnitzius, director, Propagation of the Faith, Archdiocese of St. Paul, and Rev. Dennis McCarthy, O. M. I., Oblate Preaching Band, St. Paul.

The theme of the institute is "The Nun and Church Renewal." The speakers will speak on this theme; Dr. Fox on "The Nun as Woman," Sister Armelle on "Executive Dynamics," Father Schnitzius on "The Religious Woman and the Parish Apostolate," and Father McCarthy on "Religious Community and Apostolic Involvement."

Fifty sisters will participate in this inter-community dialogue, the first of its kind in the diocese, at the invitation of the Rev. James L. Donnelly, director, and Sister M. Rosamond, O. S. F., staff assistant, Marygrove Center.

Hanna Mining Names Officers

R. F. Anderson, vice-president-domestic operations for Hanna Mining Co., today announced the first appointments in the company's new Domestic Iron Ore Division. B. M. Andreas, manager, Minnesota mines, has been named general manager of the division, and Kurt R. Kuehlthau, manager, Michigan mines, assistant general manager.

The division was formed after the company decided to consolidate the Hibbing, Minn., and Iron River, Mich., district offices. The division's field office will be at Hibbing.

Included in the division are Hanna's pellet and natural ore operations in the United States and Ontario, Canada. They include the National Steel Corp., of Canada, Ltd. operation in Capreol, Ontario; the Groveland mine and plant near Iron Mountain; the Pilot Knob Pellet Co. facility at Pilot Knob, Mo.; Butler Taconite and National Steel Pellet Plant on the Mesabi Range in Minnesota, and natural ore properties in both Michigan and Minnesota.

Co-operative Is Selling Out

The Bay de Noc Co-operative Co. at 1910 6th Ave. N. is going out of business after 18 years in Escanaba, and everything is being sold including the buildings and land.

The business was established in 1955 but "there has been a lack of sales of the type necessary to keep the business healthy," said William Sehnes of Minneapolis, who is special assignment manager for the liquidation of all of the co-op's fixed assets and inventory here.

Land area included in the sale is 475 feet of frontage on 6th Ave. N., with a depth of 158 feet. There is a spur railway track from the C&NW Railway at the rear.

Buildings include the main structure 160 feet long and 60 feet wide, plus an additional storage building 60 by 28 feet.

Hans Van Heiningen, manager here for the past two and one-half years, is now serving as manager for Midland cooperative at Colby, Wis.

The bulk petroleum portion of the Bay de Noc Co-operative has been purchased by the Ellingsen-MacLean Oil Co. of Escanaba.

The treaty ending the Russo-Japanese War was signed at Portsmouth, N. H., in 1905.

Gulliver Man Dies In Crash

MANISTIQUE — A Gulliver man was killed this morning and his pickup truck split in two pieces in a collision with a semi-trailer truck on U. S. 2 in the village of Gulliver.

Pronounced dead at the scene by Schoolcraft County Coroner Robert Broullire was John Abraham Curran, 81, of Gulliver.

The accident happened shortly after 10 a.m. and full details, were not immediately available. State Police are continuing investigation. The death was the third in Schoolcraft County traffic accidents this year.

Curran was reported pinned in his vehicle following the collision.

Driver of the semi-trailer truck, registered from West Bend, Wis., was not injured. He was not identified. The truck was eastbound on U. S. 2 en route to Cheboygan.

Both vehicles were positioned in a ditch on the north side of the highway about 300 yards west of the Inland Rd. intersection with U. S. 2 after the collision.

Curran, who was a carpenter, had resided for the past two months at the home of Mrs. Laura Belanger in Gulliver.

John Abraham Curran was born April 5, 1887, in Gulliver. He moved back to Gulliver two months ago from Belleville, Mich., where he had resided for 18 years.

He married the former Nina Elder in 1950. She died March 10, 1968.

Survivors include three brothers, Arthur and Ellsworth Curran of Manistique, and Harry Curran of Gulliver, and one sister, Mrs. Anna Blanchard of Battle Creek.

Friends may call at the Messier-Broullire Funeral Home after 6 p.m. Friday. Complete funeral services will be conducted at 10 a.m. Saturday at the funeral home with Fr. Daniel Zaloga officiating. Burial will be in Lakeview Cemetery.

Seminar

MARQUETTE — A seminar designed to acquaint Upper Peninsula social science teachers with the history, problems and goals of India will be held at Northern Michigan University Dec. 4. Speakers will be Dr. K. L. Sindwani, associate professor of sociology, and his wife, Dr. Mohini Sindwani, assistant professor of education.

HERE'S A GIFT WITH A WORLD OF DIFFERENCE...

Nine completely different shaving colognes with essences imported from nine different countries.

Each fragrance is as different as the country it represents. . . . From the warm, romantic, Aromatic Tabac of Brazil to the strong and vigorous Live Oak of Germany. . . . From the exotic, full-bodied Patcham of Hong Kong to the reserved and leathery Royal Saddle of England.

Now a man can choose his colognes to match his personality or moods.

There's a world of difference in Nine Flags Shaving Colognes.

Why not let him in on it?

Available in collections of 2, 3, 4, 6, or 9 and individual flasks.

From \$5.00-\$15.00.
